MooreCo Inc. reserves the right to correct pricing or copy errors. Since individual items are subject to availability of materials from our suppliers, we reserve the right to limit quantities. All shipping weights are nominal and may vary depending on items and quantities ordered.

General Information

Returnable Merchandise

A return authorization is required for the return of any merchandise. All requests for returns should be made within 90 (ninety) days of receipt of merchandise. The dealer may be responsible for restock and return freight charges. Returned products must be unused, undamaged, and in the original packaging. Please contact customer service for more details. Returned merchandise may be subject to a restocking fee.

Non-Returnable Merchandise

All boards and furniture which have been custom sized, custom framed, or customized to specifications will be considered non-returnable merchandise.

FOB Factory

All accounts are due and payable to:

MooreCo Inc.
P.O. Drawer D
Temple, TX 76503

Payment is due within 30 (thirty) days from date on invoice. Prior to establishment of an open account, all orders are payable by money order, Visa, MasterCard, Discover, or American Express before order can be shipped.

All board dimensions are surface dimensions before framing. All boards listed as 3'H x 4'W actually measure 33.8"H x 48"W due to shipping restrictions. Dimensions on all glass dry erase markerboards are estimated and may vary slightly.

All soft seating, graded-in products, and Compass Cabinets ship FOB Tennessee.

Section II:
Visual Communication

Porcelain Steel Whiteboard - Deluxe Aluminum Trim

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Steel is permanently laminated to a lightweight substrate for stability and durability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Standard Includes

- Anodized aluminum trim with 7/8" profile and hairline mitered corners
- Full-length tackable map rail with Colored Cork insert
- Full-length accessory tray with rubber Dura-Safe® end caps

Options

- Available in multiple standard sizes
- Custom sizing available
- Available in 5'H panel
- Available with screen printed permanent graphics
- Available with upgraded sheet aluminum backer

Insight® Low Iron Magnetic Glass Board

Dramatic glass style meets dynamic versatility with the elegant and modern Insight Magnetic Glass Board in low iron white. Add seamless style to any environment with low iron glass and sleek concealed hanging system, providing a minimalist element to your workspace.

Tempered safety glass provides smooth writability with unparalleled erasability. White glass is low iron, which greatly reduces the green cast of regular glass, providing a more true white coloration.

Durable steel backing allows the board to accept rare earth magnets.

Compatible with any dry erase or wet erase marker, grease pen, etc. and easily cleans without ghosting or staining.

Can be hung horizontally or vertically.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Standard Includes

- Concealed mounting devices
- Glass accessory tray, set of rare earth magnets, and eraser cloth

Options

- Available in multiple standard sizes
- Customizable graphics available
- Customizable color available

Part No.	Description	Dimensions	Ship Wt.
A. Insight Low Iron Magnetic Glass Board

Rapport Basic Series Glass Wall

Transform your old whiteboards and walls with the new Rapport Basic Series Glass Wall panel system. Rapport is engineered to incorporate the best qualities of magnetic glass markerboards with a modular full wall whiteboard ensemble.

Rapport will modernize and elevate your walls instantly with smart style and functional whiteboard space, ideal for communication, collaboration, and creativity. Create a user-friendly and inviting room-sized presentation surface.

Tempered safety glass is suited for use in any environment, from industrial to classroom and everything in between. Steel-backed glass accepts rare earth magnets.

Glass is available standard in gloss white, gloss black, or in any of our seven Hierarchy glass colors. Create one sleek monochrome wall, or mix and match for a custom appearance.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Note: Because of the construction of the glass boards, there is no way to accommodate cut outs for outlets or light switches. Please take this into consideration when planning your glass wall mounting locations.

Standard Includes

- Stainless steel mounting standoffs along the top
- Full-length aluminum accessory tray along the bottom
- Set of rare earth magnets and eraser cloth

Interactive Projector Board

For the best interactive projector surface and the most durable whiteboard, choose the Interactive Projector Board as your ultimate multifunction board.

Widescreen dimensions support the most popular sizes of projected images at diagonal dimensions of 84.9" (4'H × 6'W), 106" (4'H × 8'W), 111.6" (5'H × 8'W) and 132.6" (5'H × 10'W), plus many custom sizes available.

The special construction of the board provides the flatness required for the best performance of your interactive projector, with a flatness guarantee <3mm across the board surface. This allows the board to be used on carts or walls, still achieving the projector manufacturer's flatness requirements.

The surfaces are engineered to minimize visual strain from anywhere in the room, making them ideal for spaces that are exposed to ambient light. Magnetic surface provides even more versatility, and the low profile aluminum Brio trim is a modern addition.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Standard Includes

- Trimmed with low profile anodized aluminum trim with plastic corner pieces
- Extra durable and thick substrate prevents board from warping, providing a flatness guaranteed for the best performance with your interactive projector

Options

- Available in multiple standard sizes
- Custom sizes available
- Available in standard gloss white porcelain or low gloss white porcelain surfaces

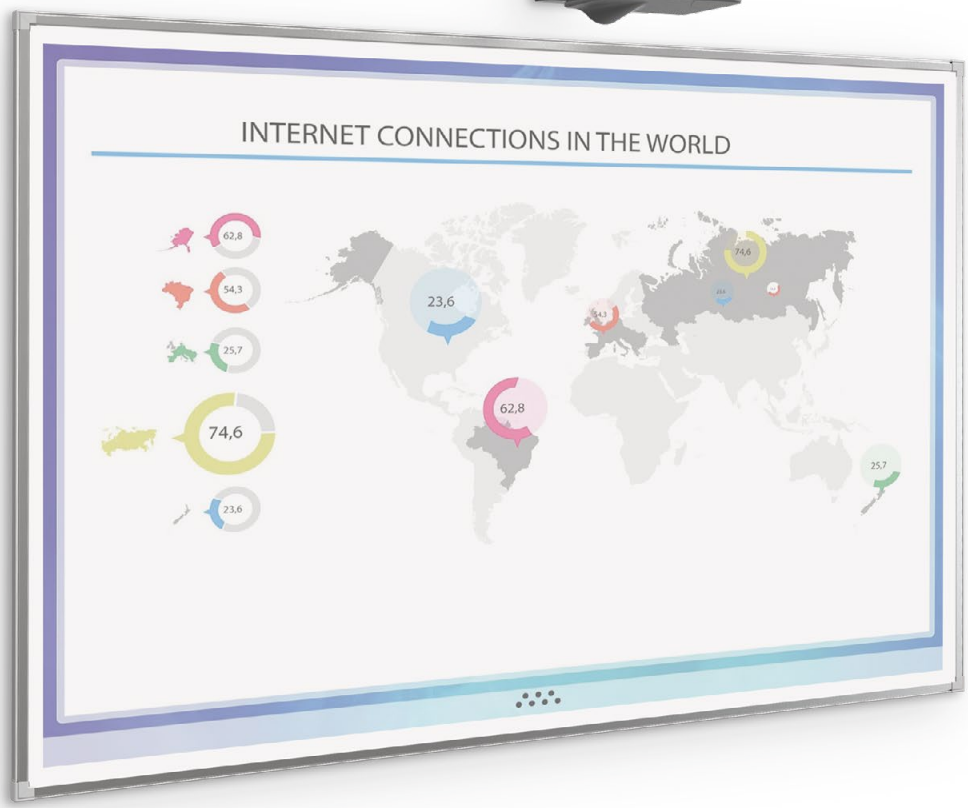
Projector and mount not included



Interactive Projector Board + Whiteboard System

Take advantage of the full breadth of your classroom or training room with the flexibility, functionality, and superior quality of projection steel whiteboard system designed specifically for the updated technology and changing needs of the modern classroom.

This three board bundle gives you full use of the front of the classroom or training space for interactivity.

All surface materials are optimized for smooth writing, clean erasing, and clear projection.

The central board has specially designed and constructed board flatness for compatibility with interactive projectors.

Flanking boards offer full width use of the ultra-durable porcelain whiteboard surface, or side notation while projecting.

Magnetic porcelain steel surfaces guarantee true long life and erasability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Standard Includes

- Trimmed with low profile anodized aluminum trim with plastic corner pieces
- Extra durable and thick substrate on interactive projector board (center) prevents board from warping, providing a flatness guaranteed for the best performance with your interactive projector
- Side boards finished with standard porcelain steel whiteboard

Options

- Available in multiple standard sizes
- Custom sizes available
- Available in standard gloss white porcelain or low gloss white porcelain surfaces

Combination Board (All-In-One)

All-in-one boards combine porcelain steel markerboard and natural cork tackboard into one durable and versatile unit. Ideal for any classroom or other learning environment.

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Fifty year limited warranty on porcelain steel. Ten year limited warranty on tackboard. SCS Indoor Advantage Gold Certified.

Technical Information - Porcelain Steel

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Technical Information - Natural Cork

- Natural cork surface offers excellent resiliency and tack holding properties.
- The cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- The 1/16" thick 100% natural cork layer is permanently bonded to a 7/16" thick layer of insulation board.

Standard Includes

- Anodized aluminum trim with 7/8" profile and hairline mitered corners
- Full-length tackable map rail with Colored Cork insert
- Full-length accessory tray with rubber Dura-Safe® end caps

Options

- Available in multiple standard sizes
- Custom sizing available
- Available with screen printed permanent graphics
- Available with upgraded sheet aluminum backer

Part No.	Description	Dimensions	Ship Wt.
A. Combination Board - Type C			
404-10-PM-× 2	Combination Board Type C – Porcelain Steel Whiteboard	4'H × 4'W	68 lbs
406-10-PM-× 2	Combination Board Type C – Porcelain Steel Whiteboard	4'H × 6'W	102 lbs

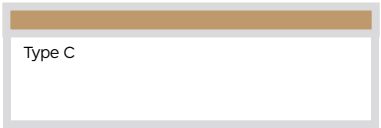
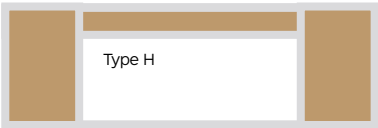
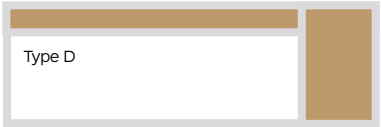
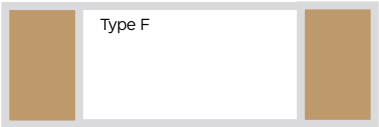
416-90-PM-× 2	Combination Board Type H – Porcelain Steel Whiteboard	4'H × 16'W	272 lbs









Combo-Rite Boards (Modular)

Modular boards combine porcelain steel markerboard and Vin-Tak tackboard into one durable and versatile unit. Ideal for classrooms, the surfaces can be changed or replaced when worn or damaged, saving time and money.

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Fifty year limited warranty on porcelain steel. Ten year limited warranty on tackboard. SCS Indoor Advantage Gold Certified.

Technical Information - Porcelain Steel

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Technical Information - Vin-Tak

- The 1/16" thick vinyl fabric layer is permanently bonded to a 7/16" thick layer of insulation board.

Standard Includes

- Anodized aluminum trim features easy to use H-channels to attach panels together, also enabling easy disassembly for panel replacement
- Writing surfaces include a full-length tackable map rail with Colored Cork insert
- Writing surfaces include a full-length accessory tray with rubber Dura-Safe® end caps

Valu-Tak Natural Cork Tackboard - Aluminum Trim

Natural Cork natural cork surface gives you a traditional tackboard with excellent resiliency and tackability.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Natural cork surface offers excellent resiliency and tack holding properties.
- The cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- The 1/16" thick 100% natural cork layer is permanently bonded to a 7/16" thick layer of insulation board.

Standard Includes

- 1/16" natural cork material over 7/16" insulation board substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available

Part No.	Description	Dimensions	Ship Wt.

Natural Add-Cork Tackboard - Aluminum Trim

Natural Add-Cork surface gives you a traditional tackboard with excellent resiliency and tackability.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Natural cork surface offers excellent resiliency and tack holding properties.
- The cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- The 1/8" thick 100% natural cork layer is permanently bonded to a 3/8" thick layer of rigid and durable substrate.

Standard Includes

- 1/8" natural cork material over 3/8" rigid and durable substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available

Natural Cork-Plate Tackboard - Aluminum Trim

Natural Cork-Plate surface gives you a traditional tackboard with excellent resiliency and tackability.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Natural cork surface offers excellent resiliency and tack holding properties.
- The cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- The 1/4" thick 100% natural cork layer is permanently bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Standard Includes

- 1/4" natural cork material over 1/4" rigid and moisture-resistant substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available

303AH	Natural Cork-Plate Tackboard – Aluminum Trim	4'H × 8'W	88 lbs

Colored Cork Tackboard - Aluminum Trim

Colored Cork Tackboards feature colorful and durable Forbo® linoleum, produced from natural and renewable raw materials.

A combination of oxidized linseed oil, rosin and finely ground cork gives this board its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

The natural self-sanitizing quality of linoleum inhibits contaminants for a low maintenance board. The surface does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments.

Surface is self-healing and colored throughout to ensure colorfastness and eliminate fading. The board material retains its grip and doesn't crumble like traditional soft boards as the tack holes close after extraction of the pins.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Colored Cork surface is made with Forbo® linoleum permanently adhered to a moisture-resistant substrate.
- Colored Cork meets ASTM E-84 (Fuel Contribution) – Class B and NFPA 253 (Critical Radiant Flux) – Class II ratings.
- Not susceptible to build-up of electrostatic charges, is self-healing, and reduces light reflections.
- Resistant to bacteria and to diluted acids, solvents, and other materials.

Standard Includes

- 1/4" Colored Cork material over 1/4" rigid and moisture-resistant substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Available in multiple standard and custom colors
- Custom sizing available

Vin-Tak Tackboard - Aluminum Trim

Fabric-backed vinyl over lightweight substrate makes an economical and attractive tackboard. Easy to clean surface. Vinyl is treated to resist the growth of odor- and stain-causing microbes.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Vinyl tackboards are fade-resistant and are easily cleaned with common detergents and water.
- The vinyl covering meets or exceeds all requirements of Federal Specifications CCCW-408A Quality Standard for Vinyl Coated Fabric Wallcovering CFFA-W-101A, and the Standard Classification of Wallcoverings by Durability Characteristics of ASTM-F-793-82 for the type and category classified, including 24 hour cleanability tests based on ASTM method D1308.
- The vinyl is treated with an antimicrobial to resist the growth of mildew and bacteria.

Standard Includes

- Layer of vinyl fabric over 7/16" insulation board substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available
- Available in multiple standard colors

Fab-Tak Tackboard + Aluminum Trim (331AX)

Durable and non-fraying fabric over a lightweight tackable substrate creates an economical and attractive tackboard. Polyolefin fabric is washable and unaffected by most common household chemicals, salts, and cleansers. Fabric is also treated to resist the growth of stain- and odor-causing microbes, and is available in three colors.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Fabric consists of 100% woven Polyolefin with a latex backing.
- Tested by an independent laboratory against standards for upholstery fabrics set by the National Association of Furniture Manufacturers.
- Washable and unaffected by most household chemicals, salts, and cleansers.
- Vacuuming or light brushing is recommended to prevent dust and soil build up.

Standard Includes

- Layer of polyolefin fabric over 7/16" insulation board substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available
- Available in multiple standard colors

Inklüd® Mobile Whiteboard

Get mobile dry erase space, facilitate group learning, and even create private work areas with the Inklüd® Mobile Whiteboard.

Featuring anodized aluminum trim that coordinates seamlessly with other members of the Inklüd family, the mobile whiteboard comes with a magnetic markerboard surface to fit any need or environment, from corporate to classroom.

Available in three sizes. The 30"W board is a perfect fit for small groups or spaces, the 50"W board is designed as a multitasker with a low surface—just the right fit as a mobile board or space divider, while the larger 72"W board is ideal for larger groups, or for use as a mobile room divider.

Double-sided dry erase magnetic whiteboard writing surfaces provide optimal performance and durability. The surface on the smaller board measures 46"H × 26"W, 61.5"H × 46"W on the middle, and 46"H × 68"W on the larger. Each includes a handy marker cup that magnetically attaches to the board surface.

Wide base design provides stability, and heavy duty locking casters give you easy mobility.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with tubular sides and legs
- Double sided in magnetic steel whiteboard
- Includes heavy duty locking casters

TLC-2 Platinum

The TLC-2 Platinum Teacher's Learning Center is a full-featured and flexible mobile classroom on wheels, making it the ideal instructional and interactive station for any early educational environment.

Lightweight for easy motion and use, the easel features a high end porcelain steel dry erase whiteboard surface that doubles as a magnetic bulletin board. Writing surface measures 26.5"H x 32.5"W.

Includes a repositionable middle tray that works as accessory storage, as a big book holder, or can be moved out of the way when not in use.

Bottom storage rack includes four 6" deep translucent totes, providing ample storage for books, toys, and other learning accessories.

Rear frame includes hooks that can be used for hanging storage such as pocket charts or flip charts, or also accommodates up to four Compass Porcelain Steel Lap Boards (sold separately) for added writing and interactive space.

Frame is platinum powder-coated steel tubing with 60mm platinum casters (two locking), ensuring the TLC-2 Platinum coordinates seamlessly with other furniture.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Powder-coated platinum trim with tubular sides and legs
- Repositionable middle storage tray
- Four 6" deep translucent totes
- Hooks on back of frame

Ogee Curved Easel

The curved whiteboard surface on the Ogee Curved Easel maximizes the use of the writing surface while giving it a sleek high end design look.

Surface measures 72"H × 36"W. Curved bottom makes writing on the lower portion of the board easier.

Middle storage tray also functions as a handle to easily move the Ogee around wherever it's needed. Great for space division. Boards nest using the handle.

Comes standard with a marker tray, and bottom shelf provides storage space.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Iinternal accessory tray and storage compartment
- Handle for easy mobility and nesting multiple easels
- Dual-wheel casters

D.O.C. Mobile Room Divider & Display Panel - Glass Surface

Fresh modern style enhances creativity in your work environment. Pairing elegant magnetic glass whiteboard with a mobile aluminum frame, D.O.C. Glass Room Dividers allow you the freedom to divide, organize, and customize your space to fit your individual needs

Modular panels move wherever needed to create whatever space is needed.

Double sided in tempered safety glass to provide smooth writability and erasability. Glass is backed with steel to accept rare earth magnets for even more functionality.

Divider comes standard with gloss white glass, but we also provide the ability to customize the glass panel in a variety of ways to personalize your workspace, including color and graphic printing options.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Double sided tempered safety glass surface backed with steel to accept rare earth magnets
- Glass surface standard in gloss white finish
- Locking casters
- Straight leg design for stability and minimal gapping

Options

- Available in 6' × 6' or 6' × 8' panels
- Customizable graphics available
- Customizable color available
- Customizable laminate kickplate

Divvy D.O.C. Mobile Room Divider & Display Panel

Divide, organize, customize, and now modernize! With ultra stylish multi-panel Divvy room dividers, you can add instant color and texture (and functional whiteboard) to any space, in a truly unique ready-to-roll room divider!

Mobile double-sided dividers include a variety of attractive and colorful surfaces to add style and function to any environment, while also offering privacy, acoustic shielding, and easy configuration.

Panels are trimmed in specially designed anodized aluminum. Leg design minimizes gapping. Locking casters keep the Divvy in place.

Your options for a custom Divvy D.O.C. are virtually limitless: fabric, laminate, whiteboard or tackboard surfaces. Contact your sales rep and get our design team to help create an amazing divider just for you!

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Locking casters
- Reversible angled leg design for stability and minimal gapping
- Connectors to join panels together at 90° or straight angles

Options

- Two standard configurations available
- Customizable materials and fabrics available

Essentials Mobile Clear Divider

Get clear protection for your office, school, and industrial spaces! Now available with clear plastic panel to create spaces that are protected yet still maintain visibility, the Essentials Mobile Clear Divider provides mobile and see-through protection for your guests, employees, students, and more.

Ideal for use between workers on an assembly line, students in class, customer facing positions, or anywhere else you need to provide an easy to disinfect clear divider.

Note: When cleaning clear screens always be sure to use a soft, non-abrasive cloth, such as a microfiber or lint free cloth, and apply light pressure only. Never use paper towels as it will scratch.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Double sided clear surface that accepts dry erase markers (writing space measures 54"H × 68"W)
- Wide base design for stability
- Heavy duty locking casters

Part No.	Description	Dimensions	Ship Wt.

Preschool Divider

Preschool Dividers are the ideal portable panel and room divider for any early childhood environment.

Use the panels as room dividers, acoustical shields, storyboard displays, or to exhibit artwork. Join dividers together to create private learning areas, or to divide rooms into activity areas.

Available finished in easy to clean vinyl, or melamine dry erase surface. Lightweight panel and wide base design create stability.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Double sided panels
- Platinum anodized aluminum trim
- 18"D triangular bases for stability and easy mobility
- 2" casters (two locking)

Options

- Available in three sizes: 4' × 4', 4' × 5', or 4' × 6'
- Available in a variety of standard surface materials and combinations
- Custom surfaces available

Porcelain Steel Panel - Unframed

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Steel is permanently laminated to a lightweight substrate for stability and durability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Standard Includes

- Unframed porcelain steel panel laminated to durable and moisture-resistant substrate

Options

- Sold per square foot, 4'H panel size standard
- Custom sizing available
- Available with upgraded sheet aluminum backer
- Cover bar for seams available

Part No.	Description	Dimensions	Ship Wt.
A. Porcelain Steel Panels			
202X	1/2" Porcelain Steel Whiteboard Unframed – Foil Back	per sq. ft.	5 lbs

Natural Cork Panels & Rolls

Renew or replace any torn or worn board with natural cork panels. Natural cork is an environmentally responsible and naturally renewable resource. Cork is harvested from a cork tree, stripped with careful cuts that do not harm the inner core of the tree. The cork bark regrows, and this process allows a useful life of more than 150 years for each tree.

Ten year limited warranty. SCS Indoor Advantage Gold Certified. Custom sizes available. Call for details.

Technical Information

- Natural cork surface offers excellent resiliency and tack holding properties.
- Cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- Add-Cork has a 1/8" thick layer of natural cork with a 7/8" thick layer of rigid and durable substrate.
- Cork-Plate has a 1/4" thick layer of natural cork bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Options

- 4'H panel standard
- Custom sizing available

Part No.	Description	Dimensions	Ship Wt.
A. Natural Cork Panel

Colored Cork Panel

Renew or replace any torn or worn board with Colored Cork panels. Colored Cork features colorful and durable Forbo® linoleum, produced from natural and renewable raw materials.

A combination of oxidized linseed oil, rosin and finely ground cork gives this board its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

The natural self-sanitizing quality of linoleum inhibits contaminants for a low maintenance board. The surface does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments.

Surface is self-healing and colored throughout to ensure colorfastness and eliminate fading. The board material retains its grip and doesn't crumble like traditional soft boards as the tack holes close after extraction of the pins.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Colored Cork surface is made with Forbo® linoleum permanently adhered to a moisture-resistant substrate.
- Colored Cork meets ASTM E-84 (Fuel Contribution) – Class B and NFPA 253 (Critical Radiant Flux) – Class II ratings.
- Not susceptible to build-up of electrostatic charges, is self-healing, and reduces light reflections.
- Resistant to bacteria and to diluted acids, solvents, and other materials.

Options

- 4'H panel size standard
- Custom sizing available
- Available in multiple standard and custom colors

Vinyl Tackboard Panel

Renew or replace any torn or worn board with vinyl covered tackboard panels. Fabric-backed vinyl over lightweight substrate makes an economical and attractive tackboard. Easy to clean surface. Vinyl is treated to resist the growth of odor- and stain-causing microbes.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Vinyl tackboards are fade-resistant and are easily cleaned with common detergents and water.
- The vinyl covering meets or exceeds all requirements of Federal Specifications CCCW-408A Quality Standard for Vinyl Coated Fabric Wallcovering CFFA-W-101A, and the Standard Classification of Wallcoverings by Durability Characteristics of ASTM-F-793-82 for the type and category classified, including 24 hour cleanability tests based on ASTM method D1308.
- The vinyl is treated with an antimicrobial to resist the growth of mildew and bacteria.
- Natural cork surface offers excellent resiliency and tack holding properties.
- Cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- Add-Cork has a 1/8" thick layer of natural cork with a 7/8" thick layer of rigid and durable substrate.
- Cork-Plate has a 1/4" thick layer of natural cork bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Options

Fabric Tackboard Panel

Renew or replace any torn or worn board with fabric covered tackboard panels. Durable and non-fraying fabric over a lightweight tackable substrate creates an economical and attractive tackboard. Polyolefin fabric is washable and unaffected by most common household chemicals, salts, and cleansers. Fabric is also treated to resist the growth of stain- and odor-causing microbes, and is available in three colors.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Fabric consists of 100% woven Polyolefin with a latex backing.
- Tested by an independent laboratory against standards for upholstery fabrics set by the National Association of Furniture Manufacturers.
- Washable and unaffected by most household chemicals, salts, and cleansers.
- Vacuuming or light brushing is recommended to prevent dust and soil build up.
- Natural cork surface offers excellent resiliency and tack holding properties.
- Cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- Add-Cork has a 1/8" thick layer of natural cork with a 7/8" thick layer of rigid and durable substrate.
- Cork-Plate has a 1/4" thick layer of natural cork bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Options

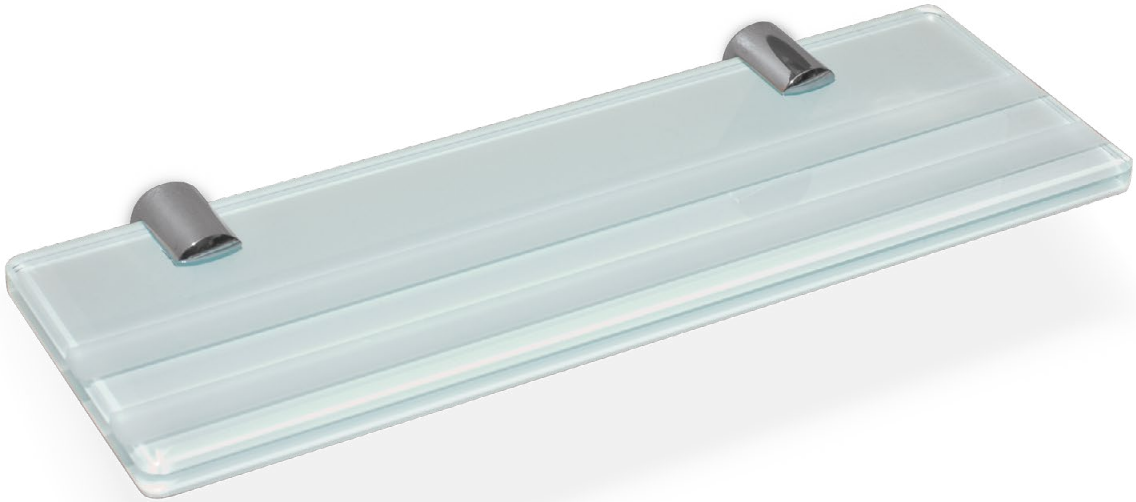
572	Glass Accessory Tray	1"H × 12"W × 4"D	2 lbs



Brass Finish Mounts for Visionary® Boards

Modern Visionary Brass Finish Mounts add an extra chic element to any Visionary Magnetic Glass Board.

All Visionary boards come standard with stainless steel mounts in a silver finish, but now you can purchase a set of brass-toned mounts and elevate your environment with a subtle yet upscale appearance.

Coordinating easily with all of our available color options, you can also customize the color (and graphic printing) on your Visionary board for a look as on-trend as you desire.

Order a set of four mounts for boards 47.2"H × 47.2"W and smaller, a set of six mounts for boards 47.2"H × 70.9"W, or a set of eight mounts for boards 47.2"H × 94.5"W.

SCS Indoor Advantage Gold Certified.

Astute Flex Hard Plastic Desk - Boomerang

The Astute Flex Hard Plastic Desk offers the durability and versatility of the Astute desk in a streamlined, no–book box design that supports easy movement and flexible classroom layouts.

Available in rectangular, diamond-shaped Monroe, and Boomerang configurations, Astute Flex adapts seamlessly to individual, small-group, and collaborative learning environments.

Premium hard plastic tops in Grey Nebula or Fusion Maple feature smooth waterfall edges and an embossed pen/pencil groove for everyday comfort.

A powder-coated platinum frame with chrome leg inserts provides strength and a cohesive look, while floor-safe glides make repositioning simple.

Height-adjustable from 22" to 33"H and sold in sets of two, Astute Flex is a smart, adaptable solution for evolving classrooms.

Astute Flex Hard Plastic Desk - Rectangle

The Astute Flex Hard Plastic Desk offers the durability and versatility of the Astute desk in a streamlined, no–book box design that supports easy movement and flexible classroom layouts.

Available in rectangular, diamond-shaped Monroe, and Boomerang configurations, Astute Flex adapts seamlessly to individual, small-group, and collaborative learning environments.

Premium hard plastic tops in Grey Nebula or Fusion Maple feature smooth waterfall edges and an embossed pen/pencil groove for everyday comfort.

A powder-coated platinum frame with chrome leg inserts provides strength and a cohesive look, while floor-safe glides make repositioning simple.

Height-adjustable from 22" to 33"H and sold in sets of two, Astute Flex is a smart, adaptable solution for evolving classrooms.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Platinum legs with chrome insert

Hierarchy Beam Desk + Porcelain Steel Top

The Hierarchy Beam Desk brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Available with a porcelain steel whiteboard top, designed to provide space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in charcoal, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Book box options available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Clamp Mount Outlet & USB Charger available

Hierarchy Rectangle Desk + Porcelain Steel Top

The Hierarchy Rectangle Desk brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Available with a porcelain steel whiteboard top, designed to provide space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in charcoal, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Book box options available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Clamp Mount Outlet & USB Charger available

Height Adjustable Flipper Desk

Specially designed to easily accommodate a range of ages and sizes, the Height Adjustable Flipper Desk is one of the most flexible desk systems on the market.

Desks adjust to allow easy viewing with stadium style seating. Desks can be used with chairs, stools, or while standing, allowing students to choose the most comfortable position, promoting active learning and improved focus.

Tops flip back with a simple one handed lever mechanism to allow for easy transport and nesting for compact storage.

Tops are available in three fun and functional shapes: fender by MooreCo, beluga, and rectangle. Desks can be used individually or joined together for group pods, easy to set up for collaborative activities.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1" thick HPL top with 3mm flat edge band
- Top flips back with one handed lever mechanism
- Black powder-coated steel base
- Height adjustable from 28.5" to 45"
- Base includes four 2" casters (two locking) and stabilizing stretcher bar

Instructor Desk Right

Avid Modular Desk System

The flexible and customizable design of the Avid Modular Desk System makes creating your ideal workspace a breeze. Platinum base adds style to any space.

Available with four basic top sizes, HPL desktops (1-1/8" thick) are available in standard or custom laminates.

Pedestals offer ample file and supply storage and include screw-on handles.

Return desk option can be assembled as either right or left-handed depending on your needs.

Add the pneumatic conference end for ergonomic conference space.

Instructor desk option is ideal for classroom and other educational settings. Podium available to coordinate with your Avid Desk or stands alone.

Optional glides available. Includes spacer to match the height of casters. A set of file cabinet glides is needed for each file cabinet/pedestal. A single pedestal desk will need a set of desk glides and file cabinet glides. A double pedestal desk will need two sets of file cabinet glides.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

Elate Electric Height Adjustable Desk (2-Leg)

The Elate Electric Height Adjustable Desk is the energetic and ergonomic addition to any work environment. With easy to use and powerful multi-motor electric sit-to-stand adjustment, you can set for virtually any height, activity and position.

Sit-to-stand desks are well known to contribute to increased focus, improved posture, fewer energy dips, and variety of other benefits.

Motors feature soft start and stop and a gyro sensor anti-collision mechanism. Digital keypad provides single-touch adjustment with three memory settings, and slides under the work surface when not in use.

Desks feature either 17"or 26" of height adjustability, and work with either a chair, stool, or standing use to allow position changes throughout the day.

Depending on the configuration selected, Elate Electric Height Adjustable Desks come with a set of either two or three legs.

Durable and rigid powder-coated steel base available in black, platinum, or white for a modern touch to any environment.

Add casters to any model for convenient mobility and position of the desk where needed. Casters feature locks, and add 2" to overall desk height.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Hierarchy Activity Kidney Table + Porcelain Steel Top

The Hierarchy Activity Table is an ideal configurable classroom system with full right- and left-hand accessibility. Specifically designed for supporting a variety of learning modes to promote interaction in your classroom.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in charcoal, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Book box options available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Clamp Mount Outlet & USB Charger available

Hierarchy Creator Table + Porcelain Steel Top

Hierarchy Creator Table brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Available with a porcelain steel whiteboard top, designed to provide space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in black, raised slightly for a fully encapsulated top to deter rust

Akt Rectangle Table - Glides

The Akt collection combines the principles of human development to be able to "Akt" with purpose and intention. Akt tables are ideally suited for secondary learners, higher education students, and employees in the workforce.

With sophistication and sleek style, Akt tables can be used for individual work, collaborative spaces, or team activities.

The Akt table surface provides plenty of space for writing or planning, all on a unitized frame for improved structural strength and stability.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with 3mm flat edge band
- Powder-coated steel legs in platinum
- Unitized frame for improved structural strength and stability
- 3" dual-wheel casters (two locking)

Options

- Customizable HPL
- Customizable edge band
- Angled legs available in rectangle or round shape
- Available with casters (standard) or glides
- Available in 29", 36", or 42"H

MooreCo Frequency Table (C-Leg)

Our Frequency tables are flexible, functional, and customizable.

Rectangle works surface with fixed height legs (29"H). Standard with glides or casters. Base available in platinum, charcoal metallic, or black finish. Available in a variety of laminate and edge band options.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" HPL top
- Rectangular work surface (.R)
- 29" fixed height
- Casters (.FRC) or glides (.FRG)
- C-Leg base (.C)

Required to Specify

Finishes:

- Laminate selections (-XXXX)
- Edgeband selections (-XX)

Base:

- Black (.7BK)
- Charcoal Metallic (.7CM)
- Platinum (.7PL)

MooreCo Frequency Table (Flip Top T-Leg)

Our Frequency tables are flexible, functional, and customizable.

Rectangle works surface with fixed height legs (29"H). Standard with casters. Base available in platinum, charcoal metallic, or black finish. Available in a variety of laminate and edge band options.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" HPL top
- Rectangular work surface (.R)
- 29" fixed height
- Casters (.FRC)
- Flip top T-Leg base (.FT)

Required to Specify

Finishes:

- Laminate selections (-XXXX)
- Edgeband selections (-XX)

Base:

- Black (.7BK)
- Charcoal Metallic (.7CM)
- Platinum (.7PL)

Options

- Standard grommets (add $15 to list price) (-G)

Part No.	Description	Dimensions

Inklüd® Table (Flip Top C-Leg)

Empower users to maximize their productivity with the versatile line of Inklüd tables. A practical solution for middle school, higher education, and commercial use, the sleek, simple profile suits any environment.

This line adapts to fulfill virtually any function with customizations like flip tops, mobile bases, and adjustable heights. Ideal for shared spaces, users can quickly configure tables to create their optimal working environment.

Flip top tables feature a mechanism engineered for superior usability, with smooth one hand operation, two-degree adjustability that stops within the range once the lever is released with no sudden dropping, and securely locks in place in all locking positions.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with 3mm flat edge band
- Includes 3" dual-wheel casters (two locking)
- Powder-coated steel base in platinum

Options

- Available in three fixed heights: 29"H, 36"H, and 42"H
- Available in multiple size rectangular table tops
- Available with integrated grommets
- Customizable HPL
- Customizable edge band

Inklüd® Table (Fixed Height T-Leg) + Porcelain Steel Top

Empower users to maximize their productivity with the versatile line of Inklüd tables. A practical solution for middle school, higher education, and commercial use, the sleek, simple profile suits any environment. This line adapts to fulfill virtually any function with available options like flip tops, mobile bases, and adjustable heights.

Now available with a porcelain steel whiteboard top, the Inklüd table surface provides plenty of space for writing or planning, all on a unitized frame for improved structural strength and stability.

Porcelain steel whiteboard provides space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard HPL markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show our 24-gauge porcelain is more than twice as hard, and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant than laminate.

Erasability is more than twice as good on a porcelain surface versus laminate dry erase surface, and holds up to use, showing better erasability over time.

Porcelain resists delamination, keeping dry erasability intact for the life of the desk.

Comes with molded polypropylene edge banding. Edge is slightly raised for a fully encapsulated top, ensuring steel will not rust.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel base in platinum

Inklüd® Table (Flip Top T-Leg)

Empower users to maximize their productivity with the versatile line of Inklüd tables. A practical solution for middle school, higher education, and commercial use, the sleek, simple profile suits any environment.

This line adapts to fulfill virtually any function with customizations like flip tops, mobile bases, and adjustable heights. Ideal for shared spaces, users can quickly configure tables to create their optimal working environment.

Flip top tables feature a mechanism engineered for superior usability, with smooth one hand operation, two-degree adjustability that stops within the range once the lever is released with no sudden dropping, and securely locks in place in all locking positions.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with 3mm flat edge band
- Includes 3" dual-wheel casters (two locking)
- Powder-coated steel base in platinum

Options

- Available in three fixed heights: 29"H, 36"H, and 42"H
- Available in multiple size rectangular table tops
- Available with integrated grommets
- Customizable HPL
- Customizable edge band

Inklüd® Table (Flip Top T-Leg) + Porcelain Steel Top

Empower users to maximize their productivity with the versatile line of Inklüd tables. A practical solution for middle school, higher education, and commercial use, the sleek, simple profile suits any environment. This line adapts to fulfill virtually any function with available options like flip tops, mobile bases, and adjustable heights.

Flip top tables feature a mechanism engineered for superior usability, with smooth one hand operation, two-degree adjustability that stops within the range once the lever is released with no sudden dropping, and securely locks in place in all locking positions.

Now available with a porcelain steel whiteboard top, the Inklüd table surface provides plenty of space for writing or planning, all on a unitized frame for improved structural strength and stability.

Porcelain steel whiteboard provides space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard HPL markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show our 24-gauge porcelain is more than twice as hard, and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant than laminate.

Erasability is more than twice as good on a porcelain surface versus laminate dry erase surface, and holds up to use, showing better erasability over time.

Porcelain resists delamination, keeping dry erasability intact for the life of the desk.

Comes with molded polypropylene edge banding. Edge is slightly raised for a fully encapsulated top, ensuring steel will not rust.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel base in platinum

Compass Makerspace Table (29"H)

Designed to accommodate sketching, experimenting, building, and other facets of the creative process, Compass Makerspace Tables make it easy to create an atmosphere where discovery can take place through hands-on learning.

Tables come standard with durable and scratch-resistant laminate tops, or you can upgrade to butcher block. Butcher block tops are made of solid maple hardwood, designed to withstand years of use in a variety of settings. Optional side panels and shelves complete the tables, providing storage for learning tools. Side panels include peg holes to keep tools handy and organized, leaving a clear tabletop for better use.

The side panels and laminate top edge band colors come in all Hierarchy colors, allowing easy color-coding of zones or other spaces.

Compass Makerspace Tables are safe and suitable for students of all ages, with rounded-edge tops that reduce bumps and bruises. Tables are available in multiple heights and widths, allowing students to sit or stand while working.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Powder-coated steel base in platinum

Compass Makerspace Table + Porcelain Steel Top

Available in 29", 36", or 42" height tables for use while sitting or standing, the Compass Makerspace Table is now available with a porcelain steel top, available only from MooreCo.

Porcelain steel whiteboard provides space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard HPL markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show our 24-gauge porcelain is more than twice as hard, and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant than laminate.

Erasability is more than twice as good on a porcelain surface versus laminate dry erase surface, and holds up to use, showing better erasability over time.

Porcelain resists delamination, keeping dry erasability intact for the life of the school desk.

Comes with molded polypropylene edge banding in charcoal. Edge is slightly raised for a fully encapsulated top, ensuring steel will not rust.

.SCS Indoor Advantage Gold Certified. Patent pending.

Compass Island - Round 29"H

Empowering students to think, create, and do! Our dynamic line of modular and flexible Compass Island work tables leads to fun and discovery.

The Compass Island turns any makerspace or other instructional space into a dynamic workshop with tables that feature tons of storage, are easy to move, and keep your materials handy and accessible to all.

Choose from either sitting height (29") or standing height (42") to use with a variety of chairs or stools. Available in three generous shapes (60" round, 60" square, or 60" × 72" quad) to provide plenty of space for experimenting, building, and making.

Twin storage cabinets with heavy duty casters form the table pedestal, and include your choice of features: locking doors or open storage, standard or peg board side panel in multiple colors, shelf storage, or tote storage in a variety of sizes.

Tops come in any of our standard laminate offerings, including matching or colored edge bands to create a cohesive and orderly environment.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Compass Island - Square 29"H

Empowering students to think, create, and do! Our dynamic line of modular and flexible Compass Island work tables leads to fun and discovery.

The Compass Island turns any makerspace or other instructional space into a dynamic workshop with tables that feature tons of storage, are easy to move, and keep your materials handy and accessible to all.

Choose from either sitting height (29") or standing height (42") to use with a variety of chairs or stools. Available in three generous shapes (60" round, 60" square, or 60" × 72" quad) to provide plenty of space for experimenting, building, and making.

Twin storage cabinets with heavy duty casters form the table pedestal, and include your choice of features: locking doors or open storage, standard or peg board side panel in multiple colors, shelf storage, or tote storage in a variety of sizes.

Tops come in any of our standard laminate offerings, including matching or colored edge bands to create a cohesive and orderly environment.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1" thick HPL top with 3mm flat edge band
- Twin cabinet pedestal base
- Dual-wheel high durability locking casters

Options

- Customizable HPL
- Customizable edge band
- Side panels with either standard or peg board finish, available in multiple colors
- Cabinets available with open storage or locking doors (keyed alike or keyed random)
- Interior fill with various sized totes or shelving

MediaSpace Table - Small

The MediaSpace Table is an effective solution for virtually any group setting, including STEM classrooms and team collaboration environments.

Integrate a variety of technologies using monitor mounts or flat panel carts.

Compact size allows it to fit in a variety of environments. Each MediaSpace Table seats 4 to 5 comfortably. Two back-to-back MediaSpace Tables creates a full group modular conference table.

Available with a customizable top and edge banding. Upgrade to a whiteboard top and you have a full array of communication in one area.

Standard legs are available in platinum, and adjust from 18" to 29" high. Upgrade to standing height legs for 27" to 42" height adjustment .

Includes built in grommets for easy cable management, or to add power accessories.

Optional casters for easy mobility wherever it is needed. Optional pack hook for backpack storage.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with 3mm flat edge band
- Grommet included on table top
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Customizable HPL
- Customizable edge band
- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Pop-Up Grommet Outlet & USB Charger available

Luly™ Occasional Table

Our Luly™ family takes on a higher-ed, residential feel, exuding hints of mid-century design blended with modern day needs.

With comfort and user experience in mind, the Luly occasional tables are an ideal addition to add welcome to your lobbies, reception areas, and other public or privately shared spaces, including collaborative and team spaces.

Designed with thoughtful elements, such as the 1960's "squircle" shape for the top, and minimal tapered leg frames.

Available in three sizes: small, medium, or large. Customizable with your choice of laminates and matching edge bands.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Tapered platinum aluminum legs
- HPL top with matching edge band

Options

- Available in three sizes
- Customizable HPL and matching edge band

Hierarchy Enroll® Chair

Available with a tablet that works for right- or left-handed users and a shell with 360º rotation, the Enroll® Chair makes collaborative room configuration a breeze. Wide tablet for students' comfort provides ample room for a tablet or other mobile device along with a notepad.

Tablet available with a porcelain steel whiteboard top, to provide space for doodling, jotting down notes and ideas, and brainstorming. Porcelain reduces ambient reflection and glare over standard whiteboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, accepts magnets, and comes with a lifetime guarantee.

Flexible and ergonomically shaped seat with lumbar support for easy position changes, eliminating stagnant environments. Smooth reinforced back allows for flex action without sharp ridges.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- Ergonomic shell with lumbar support and reinforced back
- Tablet surface measures 29.8"H × 26"W × 14"D with left- or right-handed positioning
- Tablet made with reinforced injection-molded polypropylene in black
- Durable plastic base with storage beneath (21"W × 21"W)
- Chair base features 360º rotation
- 18" seat height
- 2" casters

Options

- Tablet available with porcelain steel whiteboard top
- Multiple shell color options
- Custom colors available (MOQ applies)
- Shell available with or without arms
- Shell available with upholstered seat pad through our graded-in program
- Available with hard or soft casters
- Floor-safe glides available
- Cup holder available, swivels beneath tablet for storage

Hierarchy Low Back Chair

The Hierarchy Low Back 4-Leg Chair delivers comfort, style, and versatility in a sleek, low-profile silhouette designed for today's learning and working environments.

Available in 16" and 18" seat heights, it brings all the benefits of our standard Hierarchy shell with an updated, contemporary twist ideal for classrooms, offices, and collaborative spaces.

The durable injection-molded shell comes in a wide range of vibrant and neutral colors, while the sturdy four-leg base—finished in your choice of platinum or chrome—provides reliable stability and long-lasting performance.

With its modern design and ergonomic support, this chair is the perfect fit for standard-height tables and desks across education and professional settings.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Ergonomic low back shell
- Streamlined 4-leg base

Options

- Available in two seat heights: 16", and 18"

MooreCo Seed 4-Leg Chair (Commercial)

The Seed collection embodies an elegant silhouette that combines slanted curves with angular accents.

The seating surface is as simple as it is sustainable. Pleasant to the touch it is also fully recyclable. The back of the shell has a stylish, geometrical pattern reminiscent of a seed.

Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use.

The seating surface is as simple as it is sustainable. Pleasant to the touch it is also fully recyclable. The back of the shell has a stylish, geometrical pattern reminiscent of a seed.

Multiple color options and base designs, allow a room to adopt a distinguished and formal vibe or a vibrant and lively mood.

Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use.

SCS Indoor Advantage Gold Certified.

Elate Task Chair

Elate Task Chairs are a stylish and ergonomic option for maximizing comfort at your office place or classroom. Featuring customization and adjustment options to provide optimal positioning, the task chair is tailored to each individual for hours of comfort.

This intuitive office chair features a revolutionary weight-sensitive tilt mechanism, allowing it to sense each user's body weight and recline accordingly.

Adjust your task chair easily with six position back rest height options for optimal lumbar support, six position seat depth options, seven position armrest pads with forward and backward adjustment, and four position armrest pad adjustment from left to right.

Chair base includes arm rests and a 5-star base with five non-marring hard casters for gliding movement.

Customize with our graded-in fabric program (COM also available on approval).

SCS Indoor Advantage Gold Certified.

Standard Includes

- Weight-sensitive tilt mechanism
- 21° back tilting angle with three locking positions
- Seat adjusts from 18" to 21"H
- Six back rest height options for optimal lumbar support
- Six seat depth options
- Seven armrest positions
- 5-star base for easy maneuvering

Hierarchy Low Back Stool

The Hierarchy Low Back 4-Leg Stool delivers the comfort, style, and versatility you need—now with a sleek, low-profile silhouette that feels right at home in modern learning and working spaces.

Available in 24" and 30" seat heights, it brings all the perks of our standard Hierarchy shell with an updated, contemporary twist perfect for higher education, office environments, and beyond.

The injection-molded shell offers durability in a variety of vibrant and neutral colors, while the sturdy four-leg base—finished in your choice of platinum or chrome—ensures stability and long-lasting performance.

Designed with an ergonomic dual footrest design, this stool adapts to you. Shorter users can relax without dangling legs, while taller users or perch-sitters enjoy extra options for posture and ease.

It's also the ideal replacement for traditional lab stools, offering an elevated seating experience for science classrooms, maker spaces, and collaborative labs.

SCS Indoor Advantage Gold Certified. Patent pending.

Hierarchy Low Back 5-Star Stool

The Hierarchy Low Back 5-Star Stool brings modern comfort together with smooth, responsive mobility—perfect for learning and working environments that never sit still.

With an adjustable seat height ranging from 23"–33", this stool flexes to fit a wide variety of users and table heights, from makerspace counters to sit/stand collaboration zones. The sleek, low-back Hierarchy shell offers ergonomic support with a contemporary profile, while the stable 5-star base with casters keeps you moving with confidence.

Available in a palette of versatile, neutral shell colors, it blends seamlessly into higher education, commercial, and creative spaces.

Designed for comfort and adaptability, the stool's height-adjustable pneumatic lift creates personalized ergonomics on demand, while the durable shell and mobile base make it a reliable choice for active classrooms and hybrid workplaces.

Whether you're teaching, creating, collaborating, or shifting gears throughout the day, the Low Back 5-Star Stool keeps up effortlessly.

Hierarchy Height Adjustable Grow Stool®

Adjustable and colorful stool will add fun and function to any environment. Colors coordinate with our line of Hierarchy products.

Wobble action and swiveling seat encourage micro-movement to help bleed off excess energy. Helps promote improved upright posture and increased focus while working. Available in two sizes and nine colors.

Comfortable and ergonomic stool made with durable and lightweight plastic.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Durable lightweight plastic base with non-skid bottom
- Seat swivels 360°
- Height adjustable
- Wobble base

Options

- Short (14" to 18") or tall (17" to 24") available
- Available in a variety of colors
- Available in non-swivel version (longer lead times and MOQ apply)
- Optional seat pad available

Part No.	Description	Dimensions	Ship Wt.
A. Hierarchy Grow Stool (Swiveling)

C. Hierarchy Grow Stool Seat Pad			
59073	Hierarchy Grow Stool Seat Pad	2.8"H × 14.5"W × 14.5"D	4 lbs

Hierarchy Flipz Stool

The unique, modern, and ergonomic design of the Hierarchy Flipz Stacking Rocking Stool fits right in today's classroom, allowing kids to be active even while sitting.

Double ended stool can be used on one end as stationary seating and on the other as a rocking stool, offering gentle movement in all directions. Works like an exercise ball to keep a child's body moving, burning off extra energy and providing an outlet for restlessness.

Each end is made with slip resistant rubber to keep the stool stable on any flooring material. Stools stack for easy storage when not in use.

Body is lightweight and easy to move, but durable enough to stand up to every day use.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Durable lightweight plastic with non-skid rubber surfaces
- Wobble base on one end, flat base on the opposite end
- Plastic base includes integrated handle and storage compartment

Options

- Available in a variety of colors

MooreCo Double Privacy Pod (Tall)

Double Privacy Pods feature a built-in work surface and side table to provide ample space for a laptop and storage for a bag, backpack, or other belongings.

Two seats provide space for one-on-one meetings, conversations, and collaboration with no distractions.

Optional integrated electrical outlets keep your devices powered, charged, and ready to go.

Curved wall shape is designed to reduce noise, providing a quiet workspace. Short and tall privacy wall options available.

Available in a variety of fabric combinations through our graded-in program.

Designed to allow multiple pods to be arranged in many configurations, fitting any space or nook.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Ships set up
- Wood combination construction of plywood and hardwood
- Upholstered seating and pod wall
- Built-in laminate work surface and side table

Required to Specify

Dot Cart

Keep your Dots and seat pads tidy with a handy mobile storage cart. Easily store Dots and seat pads to create more space throughout the room with our new Dot Carts, available in four variations to suit your needs.

Single and double sizes available for 15" and 18" Dots. The single holds up to five Dots, while the double holds up to ten. Dot Carts are designed also to store seat pads. Single holds up to nine 3" seat pads, while the double holds up to 18.

Each Dot Cart comes in sophisticated Gray Elm with matching edge band.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Gray Elm laminate finish and edge band
- 3" dual-wheel casters (two locking)

Options

- Available in single or double width models
- Available to hold 15" or 18" Dots or seat pads

Part No.	Description	Dimensions	Ship Wt.
A. Dot Cart			
20702	Dot Cart Single (for 15" Dots)	31.8"H × 17"W × 17"D	41 lbs
20703	Dot Cart Double (for 15" Dots)	31.8"H × 33"W × 17"D	61 lbs
20704	Dot Cart Single (for 18" Dots)	31.8"H × 20"W × 20"D	46 lbs
20705	Dot Cart Double (for 18" Dots)	31.8"H × 39"W × 20"D	70 lbs

MTD File Cabinet

Add adjustable workspace and file storage to your desk setup.

Top adjusts in height from 30" to 38" to match the height of many desks and workstations, adding work space as well as drawer and file storage.

Top is available in a variety of standard laminate choices. Laminate and edge band can also be customized with longer lead times.

Features three locking full extension drawers. Largest drawer accepts standard hanging files. Box drawers include divider.

Includes casters for easy mobility.

SCS Indoor Advantage Gold Certified.

Compass Cabinets

We created a series of cabinets with teachers and students in mind, allowing for space, movement, ample storage, and adaptability. Available in nine base sizes, the Compass cabinets are light and mobile, making them ideal for active teaching. Add handles to quickly and smoothly move materials throughout the entire classroom.

Easily create custom filing stations, work tables, or teacher desk spaces with these durable cabinets, reinforced with braces for structural stability. Fill your cabinets with shelves, cubbies, or plastic totes to suit your lesson plans and curriculum. Side panels and optional handles match our Hierarchy family of colors, encouraging creativity, play, and school spirit.

Optional add-ons include peg side panels, Ogee double-sided whiteboard tops, TV mounts, laminate or butcher block tabletops, wardrobe hooks, porcelain steel whiteboard backs, and more. Crafted with durable and easy-to-clean steel, these cabinets will last years, simplifying daily activity for teachers while keeping students engaged.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Side panels made with 18-gauge powder coated steel reinforced with two 20-gauge 25mm square steel tubes
- Dual-wheel high durability 100mm casters (two locking) constructed from a reinforced plastic body with non-marking gray polyurethane wheels

Options

- Available with open storage or locking doors
- Available with standard platinum steel or porcelain whiteboard back panel
- Side panels with two rows of 14 peg holes (available in multiple colors)
- Side panels fully perforated for peg storage
- Top options include handles (in all colors), laminate table top, butcher block table top, Ogee whiteboard easel top, TV mount top, and lectern top (see line lists for availability)
- Customizable HPL on laminate and lectern top options Customizable edge band on laminate and lectern top options Glides available
- Interior filling options include shelves, sliding totes available in three sizes, cubbies, and combinations (see line lists for availability)
- Custom options available (call for information on customization)

Section VIII:
Media Space & AV

MooreCo Cocoon

Curved design created an inviting and welcoming space, inspired by the new world of learning. A perfect solution for flexible socializing, meeting, and relaxing.

An ideal choice for in-between spaces, with ample seating capacity and configurability.

Low or high surface provides generous work space.

Stadium seating capacity increases line-of-sight, allowing optimum viewing ability for everyone.

Fully upholstered soft seating bench available with backrest for extra comfort.

Can be specified in multiple configurations.

Offered in customizable laminate and fabric options. Use our graded-in program or call about COM.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Post laminate construction
- 1-1/4" laminate

Configuration 1:

- Fully upholstered bench with back
- Aluminum legs on bench
- 41"H surface
- Qty 2 – BM.CO.TB.883641
- Qty 2 – BM.CO.B.602930

Configuration 3:

- Fully upholstered bench with no back
- Aluminum legs on bench
- 41"H surface
- Qty 2 – BM.CO.TB.883641
- Qty 2 – BM.CO.B.602918.NB

Required to Specify

Finishes:

- Laminate selections (-XXXX)
- COM or graded-in fabric selection (-FABRICNAME)

iTeach® Platinum Pro Flat Panel Cart

The iTeach® Platinum Pro Flat Panel Cart is a modern, lightweight upgrade to the original iTeach Spider, delivering improved performance, easier assembly, and a refined Platinum finish that coordinates with other MooreCo products.

Designed to support flat panels up to 300 lbs, Platinum Pro provides exceptional stability while offering an expanded 25.5 inches of electric height adjustment—giving educators more flexibility to achieve ideal viewing angles for every audience.

Thoughtfully engineered for speed and simplicity, Platinum Pro assembles in minutes, with uprights and a TV mount that integrate quickly into a smooth-rolling mobile base.

At nearly 80 pounds lighter than its predecessor, it's significantly easier to move between classrooms and shared spaces without sacrificing strength or durability.

The result is a smarter, more efficient mobile display solution built for today's dynamic learning environments.

SCS Indoor Advantage Gold Certified for healthier, human-centered environments.

Standard Includes

- Platinum powder-coated steel finish
- Supports a display up to 300 lbs including all accessories and cables
- VESA mount

iTeach® Platinum Pro Flat Panel Wall Mount

The iTeach® Platinum Pro Flat Panel Wall Mount delivers the performance and refined design of the Platinum Pro family in a streamlined wall-mounted solution.

Finished in coordinating platinum, it supports flat panels up to 300 lbs and offers an expanded 25.5 inches of electric height adjustment, providing exceptional flexibility for inclusive, comfortable viewing.

Designed for speed and simplicity, the uprights and TV mount assemble in minutes into a self-standing base, then secure easily to wall studs using the included mounting brackets.

The iTeach Platinum Pro is easy to install while maintaining the durability and stability required for daily classroom use. It's a smart, modern upgrade for today's instructional environments.

SCS Indoor Advantage Gold Certified for healthier, human-centered environments.

iTeach® Spider Flat Panel Cart

Engage your audience anywhere with either version of the modern black iTeach® Spider Flat Panel Cart, a stylish solution to your flat panel mobility needs.

Available in either an electric or manual height adjustable model. Sleek black finish adds a dramatic and modern touch to any environment.

Electric version comes with an easy to use wired remote that allows for 18" of smooth height adjustment (from 37" at the bottom to 55" at the top)

Manual height adjust version features a mounting bracket that can be attached at six different heights. The brackets range from 20-5/8" at the bottom to 67-7/8" at the top. Each set of brackets is 6-1/4" apart.

Overall dimensions of height adjustment will vary depending on the size of your display.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Black powder-coated steel finish
- Supports a display up to 100"/250 lbs including all accessories and cables
- VESA mount size up to 800x600

iTeach® Flat Panel Mount + Whiteboard System

Keep your whiteboard space while adding modern interactive technology to your classroom, training room, or other collaborative spaces.

We've bundled two whiteboards plus an iTeach Flat Panel Wall Mount to provide you full use of the front of the classroom or training space for interactivity without sacrificing your whiteboard space.

All whiteboard materials are magnetic porcelain steel for smooth writing, clean erasing, and excellent color contrast with dry erase markers. Boards available with our quality deluxe aluminum trim, which features a full-length map rail and accessory tray. Or choose the more economical ABC trim, which features aluminum corner caps on the top trim.

The flat panel mount features a sleek black finish, and is powered with an electric motor for 18" of smooth height adjustment with a simple touch of a button on the handy wired remote. The durable flat panel bracket supports 800×600 VESA mounts and a flat panel up to 250 lbs.

SCS Indoor Advantage Gold Certified.

Includes

Section IX:
Soft Seating

Soft Seating + Graded-In Product Information

Materials

Seating is assembled with ¾" commercial grade plywood and hardwood. The seat back is made up of a Martex Syntex woven webbing. Hard top tables are constructed with 48-52 density MDF core and finished with HPL. CAL 117-2013 Compliant. Weight limit 400 lbs.

Warranty Information

Seating Frame – MooreCo warrants the frames used in soft seating products to be free from design defects in materials and workmanship for a period of twelve (12) years beginning on the date of shipment.

Seating Foam – MooreCo warrants the foam used in soft seating products to be free from defects in materials and workmanship, beginning on the date of shipment, extending for five (5) years. This does not include softening and flattening of the foam that occurs as a result of normal use and aging.

Seating Fabric – The MooreCo warranty of fabrics offered as part of the graded program is dictated by the materials manufacturer and passed on accordingly. Customer Own Material (COM) is not warranted.

Table Frame – MooreCo warrants the frames used in soft seating products to be free from design defects in materials and workmanship for a period of twelve (12) years beginning on the date of shipment.

Table Top – MooreCo warrants HPL tops used in soft seating products to be free from design defects in materials and workmanship for a period of twelve (12) years beginning on the date of shipment.

Table Fabric – The MooreCo warranty of fabrics offered as part of the graded program is dictated by the materials manufacturer and passed on accordingly. Customer Own Material (COM) is not warranted.

Electrical Options – Electrical options are warranted for one (1) year from date of shipment for manufacturer's defects.

Changes & Cancellation

MooreCo's acceptance of an order for custom soft seating is final and binding and an order may not be changed or canceled without MooreCo's written consent. To change or cancel orders, contact MooreCo Customer Care in writing for authorization and applicable charges. **All orders for soft seating must be on a separate PO with no other MooreCo products.**

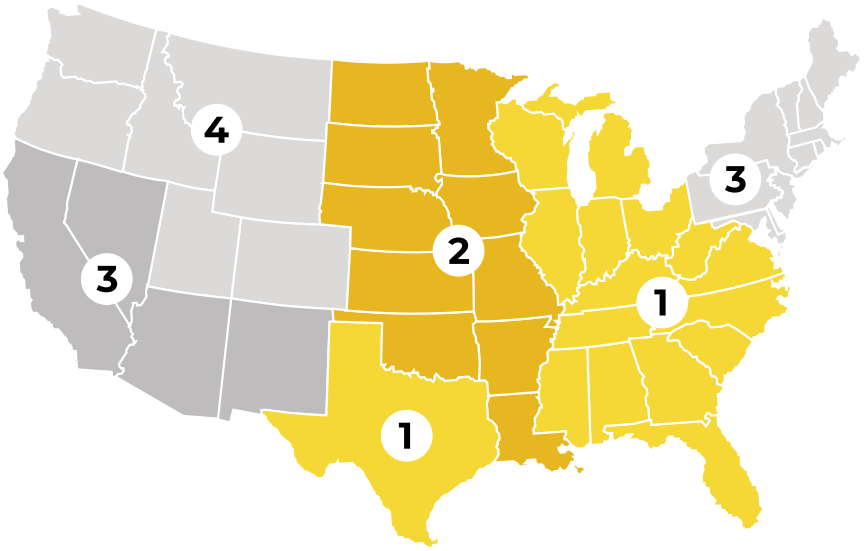
Freight Program

All soft seating and graded-in products ship FOB Tennessee. All charges illustrated in the matrix include delivery only and do not include extra services such as: inside delivery, lift gate service, white glove services, international shipments, or shipments to Alaska or Hawaii.

Zoned Freight Pricing Matrix

Zone	Orders less than $1000	Orders $1001 – $42,000	Orders greater than $42,000 (truckload)
1	$250.00	11% ($250.00 min.)	6%
2	$365.00	14% ($365.00 min.)	8%
3	$550.00	21% ($550.00 min.)	14%
4	$625.00	22% ($625.00 min.)	15%

Effective 01-01-2026



Soft Seating + Graded-In Product Information

Graded-In Fabric

We've partnered with multiple fabric and textile manufacturers to offer you more than 5000 graded-in fabric options. Please refer to the MooreCo Graded-In Fabrics Guide for grading information. The guide can be downloaded at www.moorecoinc.com/price-guides.

PBB6N1L

Dimensions	35"H × 46.5"W × 33"D
Weight	90 lbs
Hardware	Aluminum post legs

Phoeby Indoor Ottoman – Small

PBB7N1L

Dimensions	18"H × 18"W × 18"D
Weight	15 lbs
Hardware	Aluminum post legs

Phoeby Indoor Ottoman – Medium

PBB8N1L

Dimensions	18"H × 22"W × 31"D
Weight	40 lbs
Hardware	Aluminum post legs

Phoeby Indoor Ottoman – Large

PBB9N1L

Dimensions	18"H × 45"W × 31"D
Weight	65 lbs
Hardware	Aluminum post legs

Phoeby Outdoor Chair – Armless

PBA0N1L

Dimensions	35"H × 22"W × 31"D
Weight	50 lbs
Hardware	Outdoor-safe aluminum post legs

Phoeby Outdoor Chair – Left Arm

PBA0L1L

Dimensions	35"H × 30"W × 31"D
Weight	55 lbs
Hardware	Outdoor-safe aluminum post legs

Phoeby Outdoor Chair – Right Arm

PBA0R1L

Dimensions	35"H × 30"W × 31"D
Weight	55 lbs
Hardware	Outdoor-safe aluminum post legs

Phoeby Outdoor Chair – Both Arms

PBA0B1L

Dimensions	35"H × 38"W × 31"D
Weight	60 lbs
Hardware	Outdoor-safe aluminum post legs

Phoeby Outdoor Loveseat – Armless

PBA1N1L

Dimensions	35"H × 45"W × 31"D
Weight	80 lbs
Hardware	Outdoor-safe aluminum post legs

Phoeby Outdoor Loveseat – Left Arm

PBA1L1L

Dimensions	35"H × 53"W × 31"D
Weight	85 lbs
Hardware	Outdoor-safe aluminum post legs

Dimensions	24"H × 18"W × 18"D
Weight	26 lbs
Hardware	Brushed metal legs

Morris Square Stool – Low

990L

Dimensions	15"H × 18"W × 18"D
Weight	20 lbs
Hardware	Brushed metal legs

Morris Square Stool – Medium

990M

Dimensions	20"H × 18"W × 18"D
Weight	23 lbs
Hardware	Brushed metal legs

Morris Square Stool – High

990H

Dimensions	24"H × 18"W × 18"D
Weight	26 lbs
Hardware	Brushed metal legs

Akt Lounge Small Ottoman

AK50SMGL-NNN

Dimensions	18"H × 31"W × 31"D
Weight	
Hardware	Powder-coated steel legs with nylon glides

Akt Lounge Large Ottoman

AK50LGGL-NNN

Dimensions	15"H × 50"W × 50"D
Weight	
Hardware	Powder-coated steel legs with nylon glides

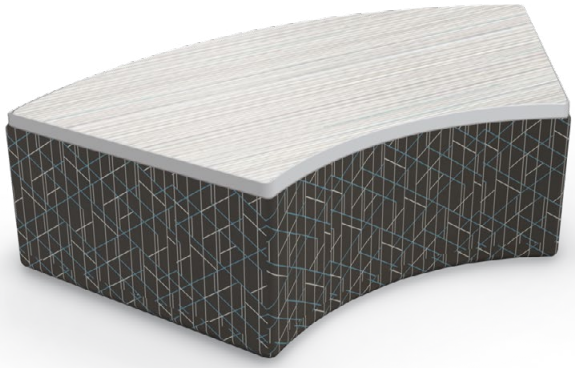
60° Curved Variable Height Ottoman – Low

1500S

Dimensions	12"H × 43"W × 23.2"D
Weight	60 lbs
Hardware	Nylon glides

60° Curved Variable Height Ottoman – Low Table Top

1500ST



Dimensions	12"H × 43"W × 23.2"D
Weight	70 lbs
Hardware	Nylon glides

60° Curved Variable Height Ottoman – Medium

1500M

Dimensions	15"H × 43"W × 23.2"D
Weight	65 lbs
Hardware	Nylon glides

60° Curved Variable Height Ottoman – Medium Table Top

1500MT

Dimensions	15"H × 43"W × 23.2"D
Weight	75 lbs
Hardware	Nylon glides

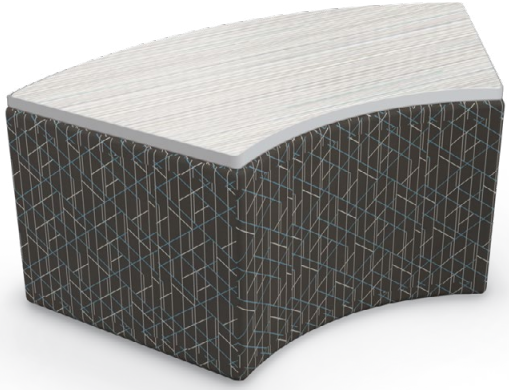
60° Curved Variable Height Ottoman – High

1500H

Dimensions	18"H × 43"W × 23.2"D
Weight	70 lbs
Hardware	Nylon glides

60° Curved Variable Height Ottoman – High Table Top

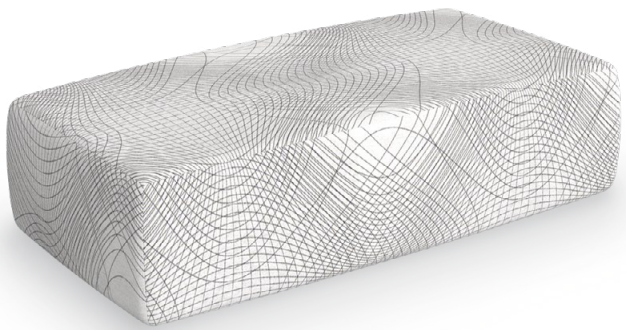
1500HT



Dimensions	18"H × 43"W × 23.2"D
Weight	80 lbs
Hardware	Nylon glides

Rectangular Variable Height Ottoman – Low

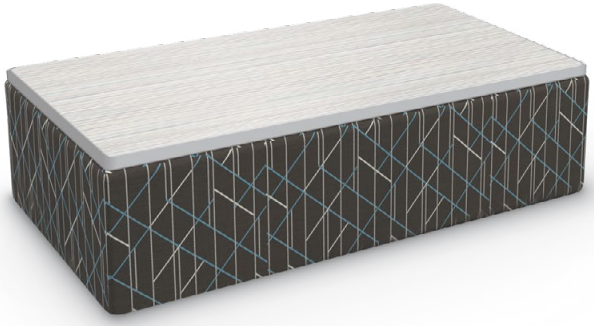
1400S



Dimensions	12"H × 41.5"W × 20.8"D
Weight	60 lbs
Hardware	Nylon glides

Rectangular Variable Height Ottoman – Low Table Top

1400ST



Dimensions	12"H × 41.5"W × 20.8"D
Weight	70 lbs
Hardware	Nylon glides

Rectangular Variable Height Ottoman – Medium

1400M

Dimensions	15"H × 41.5"W × 20.8"D
Weight	65 lbs
Hardware	Nylon glides

Rectangular Variable Height Ottoman – Med. Table Top

1400MT

Dimensions	15"H × 41.5"W × 20.8"D
Weight	75 lbs
Hardware	Nylon glides

COM Repeat Table

Repeat Width	Extra %
1" to 4"	10%
5" to 9"	20%
10" to 14"	25%
15" to 19"	30%

COM Approval Form

All COM must be approved. If your order has been placed, please list PO# _____

For COM approval ship to:

MooreCo
1307 Davis Street
Morristown, TN 37814

COM and COL must be identified as follows:

1. Name and address
2. Your purchase order number
3. Our style number to which fabric is to be applied
4. Supplier name and fabric name, number, and color

Photocopy this form and submit with COM fabric for approval: This fabric approval is for the purpose of advising how to apply your COM fabric, verify yardage required, and suitability of fabric.

COLLECT SHIPMENTS WILL NOT BE ACCEPTED. Shipment schedule will be given when all fabric is received for entire order. Yardage requirements listed in price list are based on plain goods 54" wide. Fabrics less than 54" wide, or those requiring matching (stripes, plaids, prints, large patterns) will require additional yardage based on the fabric used and the item ordered.

FABRIC WITH NAP: If using mohair, velvet, or any fabric with a nap, increase yardage required by 11%. Consult matrix below for additional yardage needed.

COM Increase Matrix: this table is a general guide

Fabric Width	Plain Fabric	Up to 7" Repeat	8" – 13" Repeat	14" – 21" Repeat	22" – 27" Repeat	28" – 33" Repeat	34" – 40" Repeat	41" – 48" Repeat
54"	0%	20%	25%	30%	40%	50%	60%	70%
51" – 53"	15%	25%	30%	35%	45%	60%	70%	80%
48" – 50"	20%	30%	35%	40%	50%	65%	75%	85%
45" – 47"	30%	45%	50%	55%	60%	80%	90%	100%
36" – 44"	50%	65%	70%	75%	80%	100%	110%	120%

FABRIC WITH A DOUBLE REPEAT: If using a fabric with a double repeat, please follow this formula: take the total amount of the larger and half of the smaller repeat; add together to find the correct overall repeat. EXAMPLE: 10" vertical with 14" horizontal would be 14 + 5 = 19. If fabric comes on multiple rolls, one additional yard per roll needs to be added to the yardage requirements.

SPECIAL NOTE: We can assume no responsibility for the durability or tailoring quality of customer furnished coverings (COM).

ADDITIONAL NOTES:

- Orders cannot go into production without the information listed below.
- Attach memo sample to this approval sheet.

The cost of the COM sample will be paid by the client. Even after preliminary approval, MooreCo reserves the right to reject COM/COL if necessary when the quality is not satisfactory for the product to be upholstered. MooreCo assumes no responsibility for its overall appearance, flammability, durability, colorfastness or any other quality after upholstered on a MooreCo product.
