cultivating new leaders

moorecoinc.com/highered

The landscape of higher education is undergoing a profound metamorphosis. The rapid advancement of the digital era is catalyzing a transformative shift that demands both adaptation and innovation in higher education. The focus on technology and machine-driven work has resulted in a gap in soft skills. Employers are voicing concerns over a lack of human-centric skills such as creativity, critical thinking, and adaptability in their young hires.

Now, more than ever, there exists an imperative for institutions to recalibrate how they prepare students for the workforce. Institutions that spotlight the immersive and collaborative aspects of on-campus education, emphasize the benefits of face-to-face interactions and hands-on experiences, and provide a vibrant campus community will attract the next generation of leaders. Spaces should be thoughtfully designed and welcoming to encourage spontaneous social interactions and informal gatherings, promote a sense of belonging, and foster community, connectivity, and well-being.

At MooreCo, we combine ergonomics with style to produce innovative, inclusive furniture solutions that develop soft skills by meeting the six developmental needs of students. By strengthening the intellectual, physical, psychological, social-emotional, spiritual, and moral skills of college students, they will have the tools to thrive in the classroom and will be poised to succeed in this digitally driven world.

inklüd® table

Elevate learners to their fullest potential with all new Inklüd tables. Designed to empower individuals of all ages, whether in educational or commercial settings, these tables boast a sleek and minimalist profile that seamlessly harmonize any environment. Their adaptability is a hallmark, offering versatile solutions with customizable features, including flip tops, a variety of base styles, and adjustable heights. Add casters for mobility to make dynamic easy-to-rearrange collaborative spaces, or choose glides for permanent stations. Seamlessly complement your existing decor by choosing from a wide range of customizable laminate tabletops with matching edge bands. Grommets are optional for enhanced cable management.

Inklüd Tables are available in a variety of base and top configurations. See chart on p. 7 for details.

inklüd® table

The Inklüd Table line adapts to fulfill virtually any function with available options like flip tops, mobile bases, and adjustable heights. Laminate tops measure 1- $\frac{1}{8}$ " thick. Standard and custom laminates and matching edge bands available.

Powder-coated platinum steel bases include T-Leg, C-Leg, X-Base, and pedestal, in adjustable height, fixed height, and flip top options (see chart on p.7 for details).

	Fixed Height	Adjustable Height	Flip Top	Top Sizes	Grommet Available	Casters or Glides
 C-Leg	29" 36" 42"	26"H to 36"H	Yes (fixed height only)	36" × 20" to 72" × 30"	Yes	Yes (casters only on flip top)
 T-Leg	29" 36" 42"	26"H to 36"H	Yes (fixed height only)	36" × 20" to 72" × 30"	Yes	Yes (casters only on flip top)
 X-Base	29" 36" 42"	26"H to 36"H	—	30" 36" 42" Round or Square	Yes	Yes
 Round Pedestal	29" 36" 42"	—	—	30" 36" 42" Round	Yes	—
 Squircle Pedestal	29" 36" 42"	—	—	30" 36" 42" Squircle	Yes	—

New squircle shape provides a rounded contour with ample tabletop space for collaboration or socialization.

Pedestal bases maximize room under the table for extra seat and leg space.

Squircle Pedestal Base

All bases are available in three fixed heights (X-base shown above). Add flexibility with an adjustable height base available in all but the pedestal base.

Optional grommets available on all tabletops.

Flip tops are available on C-leg and T-leg bases, providing compact storage and easy configuration. Upgrade to porcelain steel whiteboard tops and create collaborative brainstorming zones on demand!

Flip Top T-Leg

2-3/4" or 66 mm diameter

Choose from floor safe nylon glides or dual-wheel casters (two locking) on all C-leg, T-leg, and X-base tables.

Porcelain steel tops have an injected-molded edge band fully seals the surface, protecting against moisture, debris, and exposed edges.

akt table

Akt Tables were designed to enable learners to “Akt” with purpose and intention. The flexibility of movement gives students the avenue to build new communities. Ideal for collaborative set ups, tables are available with a variety of different tabletop styles, from racetrack and wavy rectangles, to amoeba-shaped desks. Elevate learning spaces with high-end butcher block tops. Akt tables are a reconfigurable solution designed for dynamic and collaborative environments. Tables may be used for group work emphasizing team activities and socialization. They can also be used alone with plenty of space to spread out and get creative.

Akt Amoeba Table

Available in a wide variety of shapes to add interest and flexibility to any space.

akt table

Akt Tables are a reconfigurable solution designed for dynamic and collaborative environments. Fixed height table tops are available in 29"H, 36"H, or 42"H models allowing users to sit, stand, and perch to support different styles of working or learning. The two taller sizes include an integrated footrest.

Laminate tops measure 1-1/8" thick; butcher block tops measure 1-1/2" thick. Standard and custom laminates and matching edge bands available.

Angled legs include casters, and are available in rectangular or round profiles, making it easy for users to re-invent their space without wasting time. Sophisticated and sleek, the crossbar stabilizing the table is aluminum, chosen to reduce our carbon footprint.

Akt Table Top Options:

Chair

Frequency
C-Leg Table

mooreco frequency table

The Frequency Table is a solid solution for paired seating in lecture-style setups. But with a variety of base styles, and a wide range of surface options, its versatility extends beyond the norm.

Frequency is available in multiple base styles, all of which share the same tapered leg design. Available with round, square, or rectangular top shapes in a variety of standard or custom finish options, Frequency is certain to look great in any environment from classrooms, common space, or cafes, to lecture rooms and training labs.

Offering a clean and functional leg design for group learning and discussion spaces, the C-Leg base provides ease of access and movement.

Sometimes you need a bit more space. Frequency's flip top T-Leg base with quick release handle lets you easily nest unneeded tables for compact storage.

Ideal for group seating comfort, the X-Base option provides optimum leg room for easy space sharing.

All bases available standard in platinum, and come with your choice of glides or smooth-rolling casters.

Frequency's flip top T-Leg base with quick release handle lets tables nest easily.

X-Base Table

Frequency is available with casters or glides, in T-Leg, C-Leg, or X-Base models in a variety of top shapes and sizes.

community table

Communication and inclusivity flow with shared table spaces. Conversation is more natural and organic when users are seated in close proximity to each other in a space that allows everyone to be included. The Community Table fits these spaces seamlessly, providing an area for collaboration, socialization, and sharing of thoughts and ideas.

Understanding the needs of space and resources available, MooreCo has made the Community family available to ship assembled or ready-to-assemble. Assembled tables will minimize time on site, helping to reduce costs of installation and assembly. Ready-to-assemble tables are ideal for spaces with narrow doors or second stories. Professional assembly recommended.

cocoon

Cozy and insular, a cocoon is a space where powerful change takes place. The Cocoon has a curved design to create an inviting and welcoming collaboration and discussion space. A perfect solution for flexible socializing, meeting, and relaxing, Cocoon fits in-between spaces with ample seating capacity and configurability. Low or high laminate surfaces provide generous work space around the outer edge. Soft seating creates cozy and comfortable seating along the inside. Fully upholstered soft seating benches available with or without backrest for extra comfort.

cocoon media space

The Cocoon Media Space is an upscale solution combining technology and functionality. With versatile, modular seating, the media space is ideal for situations that require thinking outside the box. For students and collaborative learners, the Cocoon Media Space provides the closeness that allows for group thinking, as well as the expansiveness required for big ideas. Easily configurable for libraries, study halls, or common areas, it is perfect for hybrid learning and integrative educational experiences. Laminate and fabric available in countless finishes.

mediaspace flat panel cart

The sleek and stylish MediaSpace Flat Panel Cart provides safe and easy flat panel mobility while adding modern utility to any multimedia environment. Features a stylish and durable design, and accommodates a flat panel display up to 60"/125 lbs. Scratch-resistant white laminate finish with powder-coated black steel support. Back panel is removable for easy access to equipment and cables. Adjustable bracket provides optimum viewing angle. Keep cables under control with wiring channel in main pillar and grommets, keeping the appearance clean and minimalist. Four casters provide easy mobility and lock for stability.

Akt 5-Star Stool

Akt Table

trend podium desk

The innovative and stylish Trend Podium Desk combines a desk and podium into one convenient and flexible workspace.

Desktop work surface is made with 1" thick HPL. Top is available in multiple standard laminates and edge band options, or customizable with your choice. Tilted podium top features 6" of height adjustment, includes a paper stop, and locks into place. Grommets in the desktop and podium body provide easy cable management.

Frame is powder-coated steel with 3" locking non-marring casters. Perforated modesty panel and angled legs add style and function.

Add a handy locking pencil drawer for convenient and secure storage.

up-rite presentation lectern

The versatile Up-Rite Presentation Lectern supports engaging presentations, dynamic instruction, and confident communication in a flexible, height-adjustable design. Its durable HPL work surface adjusts from 26" to 43" high, allowing users to comfortably sit or stand while presenting. An integrated pencil and document stop keeps notes and materials securely in place and within easy view.

The angled base features a fully adjustable footrest for added comfort. Two casters make repositioning easy, while two stabilizing glides provide dependable support when in use—making it an adaptable solution for classrooms, lecture halls, conference rooms, and media centers.

Keep notes and materials right where you need them with an integrated work surface stop.

elate
BY MOORECO

elate electric height adjustable desk

Bring True Adjust® power to your learning space. This electric adjustable sit-to-stand desk helps students and educators find the right position for greater comfort, movement, and focus throughout the day. The Elate Electric Height Adjustable Desk is an ergonomic addition to any learning environment.

With easy to use and powerful multi-motor electric sit-to-stand adjustment, you can set for virtually any height, activity, and position. Sit-to-stand desks are well known to contribute to increased focus, improved posture, fewer energy dips, and a variety of other benefits.

Motors feature soft start and stop, and a gyro sensor anti-collision mechanism. Digital keypad provides single-touch adjustment with three memory settings, and slides under the work surface when not in use.

Desks feature 17" or 26" of height adjustability for use with a chair, stool, or while standing to allow position changes throughout the day.

Desks are available either with a straight rectangular top or an angled corner or return top. Straight desks adjust from 27- $\frac{5}{8}$ "H to 44- $\frac{5}{8}$ "H. Corner and return desks adjust from 22- $\frac{5}{8}$ "H to 48- $\frac{5}{8}$ "H.

Top measures 1- $\frac{1}{8}$ " thick. Choose from a variety of standard or designer laminates and edge band colors to match any environment or design scheme.

Durable and rigid powder-coated steel frame available in black, platinum, or white for a modern touch. Optional casters feature locks, and add 2" to overall desk height.

Digital keypad gives you precise adjustment and tucks away when not in use.

Three top shape options provide ample workspace.

Elate Task Chair

Personalize your Elate Task Chair with multiple fabric options, coordinating with any color or brand scheme.

Elate Drafting Stool

Elate Height Adjustable Desk

elate task chair

The Elate Task Chair is a stylish and ergonomic option for maximizing comfort in learning spaces. Featuring customization and adjustment options to provide optimal positioning, the task chair is tailored to each individual for hours of comfort.

This intuitive office chair features a revolutionary weight-sensitive tilt mechanism, allowing it to sense each user's body weight and recline accordingly. Adjust your task chair easily with adjustable seat height (18" to 21") backrest, tilt, seat depth, and arms.

Chair includes a 5-star base with five non-marring hard casters for gliding movement. Customize the comfortable upholstered seat with our graded-in fabric program (COM also available on approval).

elate drafting stool

The Elate Drafting Stool combines ergonomic comfort, modern style, and flexible height adjustment for elevated work surfaces and learning environments. A unique seat design pairs a soft pad with a waterfall edge to provide lasting comfort while helping reduce pressure points on the user's legs.

Seat height adjusts from 23" to 33" to accommodate a variety of users and working positions. Choose from modern seat colors to bring coordination to any space.

A durable black base includes 2" hard or soft swivel casters to suit different flooring needs, with glides also available for added stability.

Seat Colors:

Bee available while supplies last.

urdu stool

The Urdu Stool brings soft comfort and a clean, modern profile to collaborative spaces, learning environments, and anywhere flexible seating is needed. Its compact footprint makes it easy to incorporate into a variety of settings without overwhelming the space.

Available in round or square shapes, Urdu offers a simple way to add comfortable seating at counter- or bar-height surfaces. The fully upholstered design can be customized through MooreCo's graded-in fabric program, giving designers flexibility to coordinate color, texture, and performance with the surrounding environment.

Choose from 24" or 30" seat heights to support different surfaces and applications. Mix shapes, heights, and upholstery selections to create flexible arrangements that encourage connection and comfortable interaction.

seed seating

A simple and sustainable design for all spaces, Seed Seating features an elegant, modern silhouette with slanted curves and angular accents.

The seating surface is as clean as it is sensible. Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use. The back of the shell has a stylish, geometrical texture reminiscent of a seed pod.

The ergonomic comfort of the Seed collection's balanced sitting shell and frame foster movement while seated, providing sharper focus and a way to shed excess energy. Color options and base designs allow a room to adopt a distinguished and formal vibe, or a vibrant and lively mood.

Available in multiple colors designed to accent any environment.

Design an interface for ordering food on an airplane

Goals:

- Alleviate flight attendant capacity
- Get food to customers faster
- Highlight premium food options

Constraints:

- Ordering must be done from headrest
- Only accept debit or credit

User

- Age 18-45
- Typically higher income
- Frequent flyers
- Usually travel alone
- Gluten-free or nut-free options

Flow:

Key screens:

Comfort and user experience come first with Luly™ soft seating, blending mid-century design and modern day needs.

Our new Luly soft seating family takes on a higher-ed, residential feel, exuding hints of mid-century design blended with modern day needs. Sweeping bold rounded corners and generously stuffed cushions rest on minimal, tapered leg frames. Thoughtful elements such as the 1960's "squirrel" shape are included. This arched square geometry is repeated across this product line, in tabletops, risers, and stand-off knobs.

Comfort and user experience come first within this soft seating line. The ergonomically designed seating features plush cushions, power integration, and ADA flexibility. The furniture is raised off the floor for ease of cleaning underneath. A minimalist approach is closely regarded by asking these three questions: Is it comfortable? Is it necessary? Is it appealing?

Get creative with your space! Straight and curved sections can be combined to accommodate any space configuration. Curved shapes have been proven to calm the brain, foster positive emotions, and promote social interaction. Complete the scene with accent tables and accessories. All pieces can be curated together and are designed to live in harmony. The Luly family is cozy, durable, versatile, and organized.

akt lounge collection

Designed to be inviting, comfortable, and easy to clean, the Akt lounge collection is a natural fit for learning commons, libraries, student lounges, and other shared spaces. Cozy pieces support independent study, reading, relaxation, collaboration, and group activities.

Akt soft seating is designed to facilitate easy and thorough cleaning by minimizing the spaces where dust and debris can collect. The taller legs allow most vacuums to fit beneath, and each piece features gaps with spacers between the back, arms, and seat to allow crumbs and dirt to fall to the ground where it can be easily vacuumed.

With sophisticated, sleek style, Akt Lounge Tables coordinate seamlessly with soft seating to provide a convenient surface for books, devices, drinks, and learning materials. Available in three sizes—single, loveseat, or sofa width—each table can be customized with your choice of laminates and edge bands.

Multiple shapes and sizes create a cohesive and flexible environment. Choose a platinum sled base, or platinum 4-leg base to coordinate with other members of the Akt family.

phoeby outdoor soft seating

This truly unique line of modular soft seating is inspired by the remarkable adaptability of amphibians. Just as amphibians effortlessly move between aquatic and terrestrial environments, Phoeby effortlessly blurs the boundaries between indoor comfort and outdoor freedom, revolutionizing the way users connect with nature. Ergonomically curved silhouettes promote inclusiveness, while straight sections convey a sense of structure and order. The balanced aesthetic helps users relax and focus, enhancing the overall ambiance of any outdoor learning or working space.

Entirely weather-resistant, Phoeby's frame is constructed from outdoor-rated 3/4" plywood, contains full moisture barrier protection, Matrex Sytex™ III synthetic webbing suspension, and aluminum legs.

All hardware, fasteners, staples, ganging, and tie down options are made of corrosion-resistant stainless steel. Dual-density foam is comfortable, supportive, durable, and naturally antimicrobial.

The Phoeby Outdoor family is available upholstered with durable outdoor-rated Spradling Silvertex and Sunfield fabrics. The continuous filament bonded polyester fabrics are water- and stain-repellent, are rated at 25,000+ double rubs for abrasion resistance, are mildew-resistant, and are 1500 hour UV-resistant.

schoolworks storage + soft seating

Mobile, adaptable, and multi-functional, Schoolworks answers the unique performance requirements of the progressive educator. Featuring both bookcase storage and modular soft seating, the Schoolworks line balances form with purpose in a fluid and classic design.

Schoolworks bookcases are a versatile and modern storage solution for classrooms, media spaces, and libraries. They provide flexibility and durability of materials, simple details, and emphasize functionality. Available in multiple heights with either single- or double-sided configuration. Bookcases include height adjustable shelves with a platinum steel pegboard back panel for additional storage of tools or supplies.

All bookcases are standard with casters, with legs also available. Handles and magnetic ganging add-ons are available for ease of movement and configuration.

Available in two shapes and three heights, Schoolworks ottomans are designed to fit perfectly with Schoolworks bookcases, creating cozy and quiet reading nooks where students can comfortably work and study.

Ottomans feature top stitched sewing details in upholstery, with textiles available through our graded-in fabric program, or COM by approval. Includes floor safe nylon glides. Ottomans are available with optional integrated electrical assemblies.

Curved bookcases and coordinating ottomans come together to define inviting spaces for reading, relaxing, and connecting.

moorepower® grommet mount power assembly

Keep power within reach without taking up valuable workspace. The MoorePower® Grommet Mount Power Assembly installs neatly into a standard desk grommet for clean, integrated access to charging. One AC outlet and a USB-A/USB-C combo module support everyday devices while the compact profile helps maintain a tidy, uncluttered work surface.

Mount above or below the work surface for power right where you need it.

moorepower® tower

Get convenient access to power in your multi-user groups with the versatile and capable MoorePower Tower. Mobile tower provides instant AC outlet and USB charging access to shared spaces. The power tower includes two AC outlets and two USB outlets on each of four sides, for a total of eight each. Easily mobile on four dual-wheel casters (two locking). Durable powder-coated steel frame includes a cord winder for the 13-½ foot power cable. ETL certified to UL 1363.2018 Ed. 5.

moorepower® dual mount power assembly

Get power where you need it with the flexible MoorePower® Dual Mount Power Assembly. Included clamp-mount and undermount brackets allow installation above or below the work surface. Two AC outlets and a USB-A/USB-C combo module keep today's devices powered while the compact design keeps work surfaces clear and clutter-free.

Includes connectors to join panels together. Boards are also available with customizable kickplates—choose from laminate to fabric!

d.o.c. mobile board

Divide and conquer your space. Versatile and multi-functional, D.O.C. Mobile Room Dividers allow you to divide, organize, and customize a work or display area however you choose.

Mobile double-sided dividers come in a variety of surface combinations, including porcelain steel magnetic whiteboard, Dura-Rite HPL whiteboard, natural cork, and decorative laminate. Three sizes available for maximum configuration flexibility: 6'H x 4'W, 6'W, and 8'W. Panels are trimmed in modern anodized aluminum and include locking casters. Leg design minimizes gapping, and connectors are available to join panels.

divvy d.o.c.

Divide, organize, customize, and now modernize. With ultra stylish multi-panel Divvy D.O.C. room dividers, you can add instant color and texture (and functional whiteboard) to any space, in a truly unique ready-to-roll room divider.

Mobile double-sided dividers include a variety of attractive and colorful surfaces to add style and function to any environment, while also offering privacy, acoustic shielding, and easy configuration. Available in two standard configurations, or customize. Choose from fabric, laminate, whiteboard, or tackboard surfaces, and create your own unique statement piece.

platinum mobile reversible board

Upscale appearance with all the functionality you expect. Attractive and modern, the Platinum Mobile Reversible Board adds styles to any space.

Boards are double-sided and available in a variety of surface combinations, including porcelain steel magnetic dry erase whiteboard, Dura-Rite HPL dry erase whiteboard, and tackable natural cork. Available in multiple sizes, from 30"W × 40"H to 4'H × 8'W.

Panel is trimmed with modern anodized aluminum, rotates 360° on a pivot hinge, and locks into place with the turn of a knob. Trim includes a full-length accessory tray with perforated panel for style and stability. Wide base design for stability includes molded bumpers to protect walls, and 3" locking casters.

ogee curved easel

Throw a curve on the standard easel! Smoothly sloped surface allows full use of the whiteboard surface, with easier access to the bottom. The curved whiteboard surface on the Ogee Curved Easel maximizes the use of the writing surface while giving it a sleek high-end design look.

Surface measures 72"H × 36"W. Available with porcelain steel surface. Middle storage tray also functions as a handle to easily move the Ogee around wherever it's needed.

The Ogee is also great for space division. Boards nest side by side using the handle, recessed on one side and protruding on the other. Ogee comes standard with a marker tray, and bottom shelf provides additional storage space.

d.o.c. glass board

Fresh, modern style inspires creativity throughout instructional and learning environments. D.O.C. Glass Mobile Room Dividers pair an elegant magnetic glass whiteboard with a mobile aluminum frame, providing the freedom to divide, organize, and customize educational spaces for instruction, collaboration, focused work, and changing activities.

Double-sided tempered safety glass provides smooth writability and easy erasability. Backed with steel to accept rare-earth magnets, each divider comes standard with gloss white glass or can be customized with color and graphic printing options to personalize the surrounding space.

visionary® move

Get your ideas on the go! Visionary Move mobile glass board moves with you wherever you need it. Ultra durable double-sided glass magnetic markerboard is a contemporary communication tool providing the highest quality writing and erasing experience. Accepts rare earth magnets. Smooth finish accepts dry erase, wet erase, chalk markers and more.

Tempered safety glass for use in any environment with sturdy steel plate backing. Frame and trim are made with platinum powder-coated steel for superior durability. Available in standard and custom colors, including graphic printing options.

deluxe aluminum trim board

Widely known as the Board of Education®, our tried-and-true porcelain steel board with deluxe aluminum trim provides exceptional writability, erasability, and versatility for learning and instructional spaces.

Magnetic porcelain steel offers superior color contrast with dry-erase markers and reduced surface light distortion for comfortable visibility. The durable steel sheet is permanently laminated to a lightweight substrate and finished with 1/8" anodized aluminum trim and hairline mitered corners. Includes a full-length tackable map rail with cork insert and accessory tray with Dura-Safe® end caps. Limited lifetime warranty.

visionary® board

A contemporary communication tool, the ultra glossy magnetic Visionary whiteboard provides exceptional dry erase performance. Modernize your space with a functional and contemporary image. Visionary magnetic glass boards provide the best of a quality whiteboard with smart style. Borderless and seamless, standard in glossy white. Available in standard and custom color options. Custom graphics printing available.

Tempered safety glass ideal for use in any environment. Easily cleans without ghosting or staining. Accepts rare earth magnets. Attractive stainless steel mounting standoffs. 50 year warranty on glass boards.

visionary® exo

Upgrade your expectations. Finally a glass board with an ultra stylish accessory tray.

Tempered safety glass is ideal for use in any environment. Available in gloss white or standard and custom color options. Custom graphics printing available. 50 year warranty on glass boards.

Now available with the Exo Tray System, providing clean and functional anodized aluminum accessory storage in an ultra fashionable package.

framed magnetic glass board

Our Best in Class® glass board with a safety edge. Modernize your learning spaces with a functional and contemporary image. Framed magnetic glass boards provide the best of a quality whiteboard with smart style.

Available standard in gloss white tempered safety glass ideal for use in any environment. Other color options, including custom colors and custom graphics, are available. Specially engineered trim is designed with vinyl glazing so that aluminum does not contact glass at all. The trim corners are mitered and attached with friction locks. 50 year limited warranty.

liso glass wall

Turn your blank walls into something extraordinary with purpose with the Liso Classroom Series Glass Wall panel system. Liso is engineered to incorporate the best qualities of magnetic glass markerboards in a modular full wall whiteboard ensemble.

Liso will modernize and elevate your walls instantly with smart style and functional whiteboard space, ideal for communication, collaboration, and creativity. Create a user-friendly and inviting room-sized presentation surface. Liso features aluminum trim with a full-length tack rail along the top edge, and a full-length accessory tray along the bottom.

Please note: Glass wall construction cannot accommodate cut outs for outlets or light switches. Please take this into consideration when planning your glass wall mounting locations.

fluent glass wall

Fluent takes the same high-quality features of the Liso Glass Wall but adds slim and modern full-length anodized aluminum trim along the top edge for a clean and modern take.

Fluent is engineered to incorporate the best qualities of magnetic glass markerboards in a modular full wall whiteboard ensemble. The sleek and smooth glass wall will modernize and elevate your walls instantly with smart style and functional whiteboard space, ideal for communication, collaboration, and creativity. Create a user-friendly and inviting room-sized presentation surface.

Please note: Glass wall construction cannot accommodate cut outs for outlets or light switches. Please take this into consideration when planning your glass wall mounting locations.

Keep board accessories within easy reach.

Magnetic Tray

Magnetic Eraser Cloth

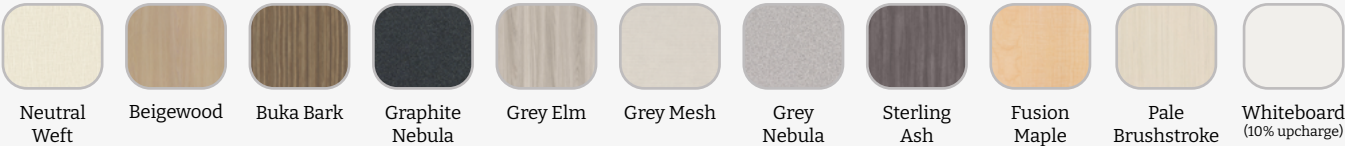

iteach® flat panel mount + whiteboard system

Bring digital presentation and writable space together in one adaptable system. Two magnetic porcelain steel whiteboards offer smooth writing, easy erasing, and a full-length map rail with accessory tray. The center flat panel mount adjusts 18" at the touch of a button, while the dual mounting bracket supports displays up to 250 lbs.

interactive projector board

Designed for classrooms and multimedia spaces, the Interactive Projector Board provides guaranteed flatness of less than 3mm for accurate projected images. Its low-glare magnetic surface minimizes visual strain in ambient light, while the low-profile aluminum Brio trim adds a modern finish. Available individually or with two porcelain steel writing boards for an adaptable projection and collaboration system.
