what's your superpower?

Your people = your power. At the heart of every successful company is a passionate, innovative, and dedicated team. Happy employees are the key to fueling growth, driving customer satisfaction, and bringing your company's vision to life.

At MooreCo, we design innovative work space furniture solutions with the well-being of your employees in mind. Our Thrive Philosophy addresses and meets your employee's diverse physical, intellectual, social-emotional, psychological, spiritual, and moral needs through thoughtful furniture design. As a result, employers find the well-being, job satisfaction, and productivity of their employees soar.

Provide solutions that show your team the value of their health and well-being. With true flexibility and ergonomics at the forefront, our designers pay special attention to each product, ensuring your staff have the tools they need to succeed. Height adjustable desks, tables, and chairs provide customizable support, promote good posture, reduce the risk of musculoskeletal disorders, and enhance overall comfort. Soft seating options and flex spaces that encourage team building and collaboration ensure everyone will find their ideal workspace.

Our team of designers is ready to outfit a space that matches the quality and dependability of your staff. Choose from a wide variety of sustainable finishes and fabrics to build your dream workspace from scratch or harmonize with existing furnishings. From Render to Reality™, MooreCo resources are at your command.

inklüd® table

Elevate users to their fullest potential with all new Inklüd tables. Designed to empower individuals of all ages, whether in educational or commercial settings, these tables boast a sleek and minimalist profile that seamlessly harmonizes any environment. Their adaptability is a hallmark, offering versatile solutions with customizable features, including flip tops, a variety of base styles, and adjustable heights. Add casters for mobility to make dynamic easy-to-rearrange collaborative spaces, or choose glides for permanent stations. Seamlessly complement your existing decor by choosing from a wide range of customizable laminate tabletops. Grommets are optional for enhanced cable management.

Inklüd Tables are available in a variety of base and top configurations. See chart on p. 7 for details.

inklüd® table

The Inklüd Table line adapts to fulfill virtually any function with available options like flip tops, mobile bases, and adjustable heights. Laminate tops measure 1- $\frac{1}{8}$ " thick. Standard and custom laminates and matching edge bands available.

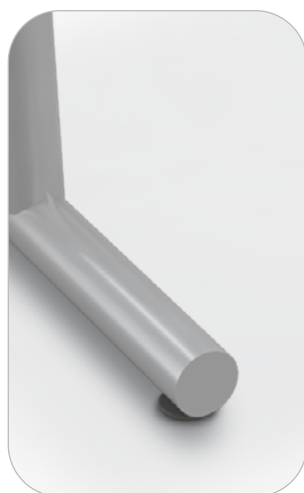

Powder-coated platinum steel bases include T-Leg, C-Leg, X-Base, and pedestal, in adjustable height, fixed height, and flip top options (see chart on p.7 for details).

	Fixed Height	Adjustable Height	Flip Top	Top Sizes	Grommet Available	Casters or Glides
 C-Leg	29" 36" 42"	26"H to 36"H	Yes (fixed height only)	36" × 20" to 72" × 30"	Yes	Yes (casters only on flip top)
 T-Leg	29" 36" 42"	26"H to 36"H	Yes (fixed height only)	36" × 20" to 72" × 30"	Yes	Yes (casters only on flip top)
 X-Base	29" 36" 42"	26"H to 36"H	—	30" 36" 42" Round or Square	Yes	Yes
 Round Pedestal	29" 36" 42"	—	—	30" 36" 42" Round	Yes	—
 Squirrel Pedestal	29" 36" 42"	—	—	30" 36" 42" Squirrel	Yes	—

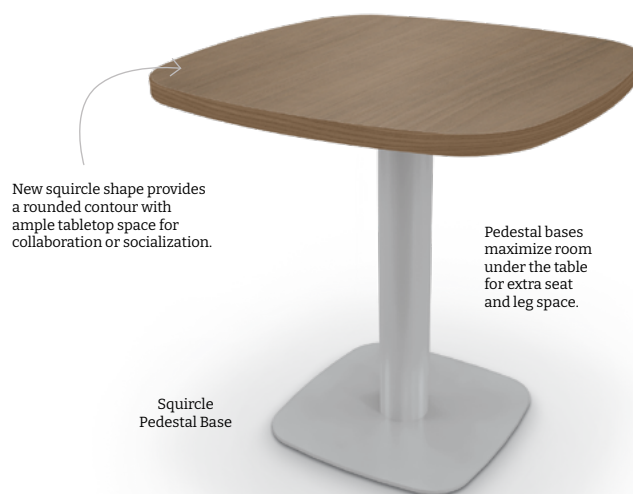

All bases are available in three fixed heights (X-base shown above). Add flexibility with an adjustable height base available in all but the pedestal base.

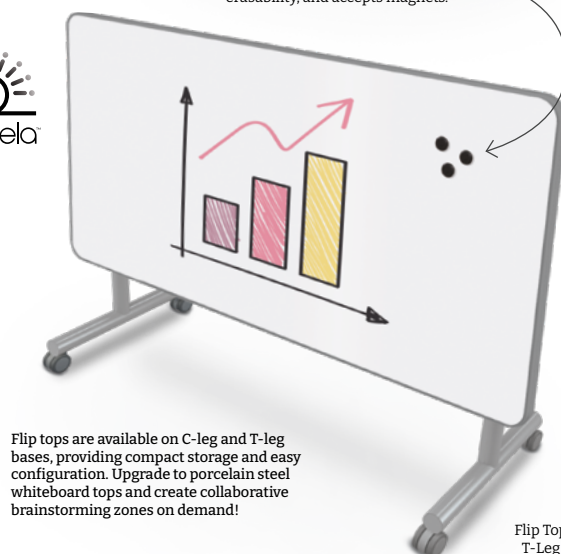

Optional grommets available on all tabletops.

Choose from floor safe nylon glides or dual-wheel casters (two locking) on all C-leg, T-leg, and X-base tables. Optional grommets available on all tabletops.

High-end porcelain steel top option provides superior durability, easy erasability, and accepts magnets.

akt table

Akt Tables were designed to enable users to “Akt” with purpose and intention. The flexibility of movement gives users that avenue to access new communities. Ideal for collaborative set ups, tables are available with a variety of different tabletop styles, from racetrack, wavy rectangles, to amoeba-shaped desks. Butcher block tables are favored by designers for community and socialization. Akt tables are a reconfigurable solution designed for dynamic and collaborative environments. Tables may be used for group work emphasizing team activities and socialization. They can also be used alone with plenty of space to spread out and get creative.

Akt Racetrack Table

Available in a wide variety of shapes to add interest and flexibility to any space.

akt table

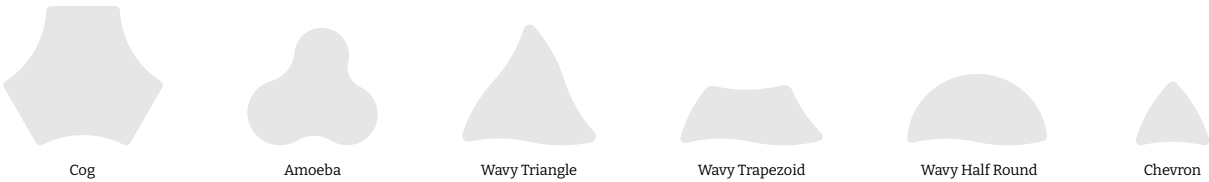

Akt Tables are a reconfigurable solution designed for dynamic and collaborative environments. Fixed height table tops are available in 29"H, 36"H, or 42"H models allowing users to sit, stand, and perch to support different styles of working or learning. The two taller sizes include an integrated footrest.

Laminate tops measure 1-1/8" thick; butcher block tops measure 1-1/2" thick. Standard and custom laminates and matching edge bands available.

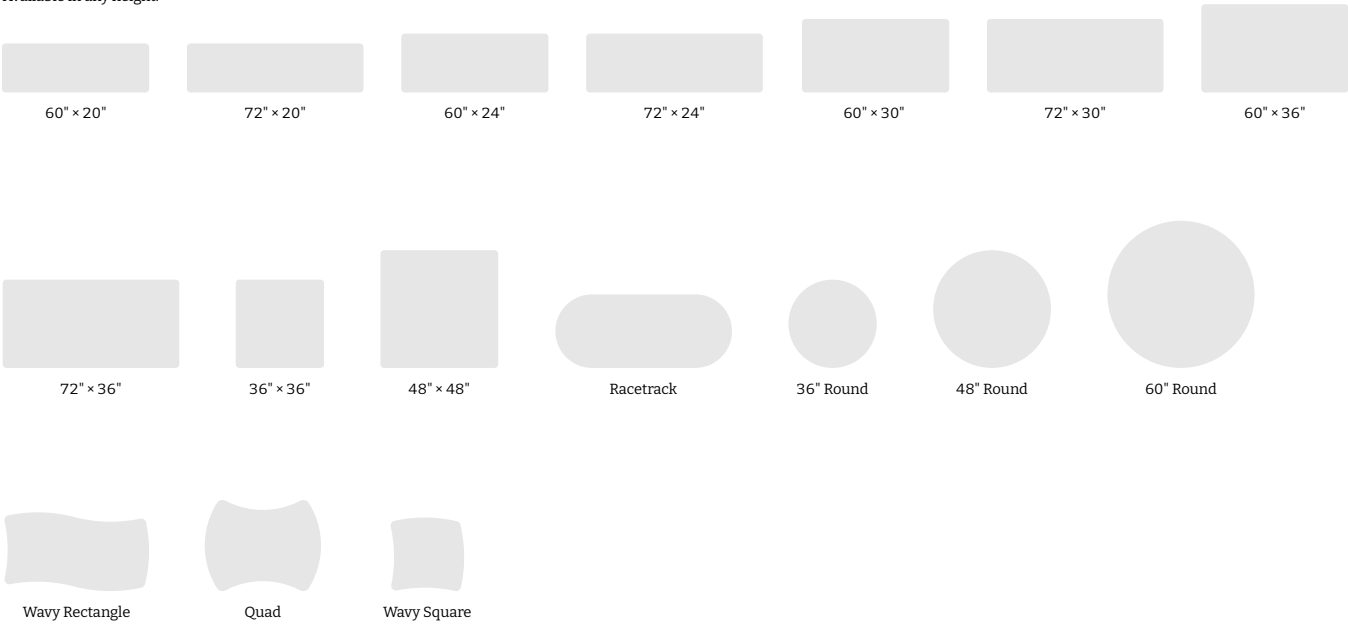

Angled legs include casters, and are available in rectangular or round profiles, making it easy for users to re-invent their space without wasting time. Sophisticated and sleek, the crossbar stabilizing the table is aluminum, chosen to reduce our carbon footprint.

elate electric height adjustable desk

Bring True Adjust® power to your space. Electric adjustable sit-to-stand desk allows you to work in the best position for you. The Elate Electric Height Adjustable Desk is the energetic and ergonomic addition to any work environment.

With easy to use and powerful multi-motor electric sit-to-stand adjustment, you can set for virtually any height, activity, and position. Sit-to-stand desks are well known to contribute to increased focus, improved posture, fewer energy dips, and variety of other benefits.

Motors feature soft start and stop, and a gyro sensor anti-collision mechanism. Digital keypad provides single-touch adjustment with three memory settings, and slides under the work surface when not in use.

Desks feature 17" or 26" of height adjustability with a chair, stool, or while standing to allow position changes throughout the day.

Desks are available either with a straight rectangular top or an angled corner or return top. Straight desks adjust from 27-5/8"H to 44-5/8"H. Corner and return desks adjust from 22-5/8"H to 48-5/8"H.

Digital keypad gives you precise adjustment and tucks away when not in use.

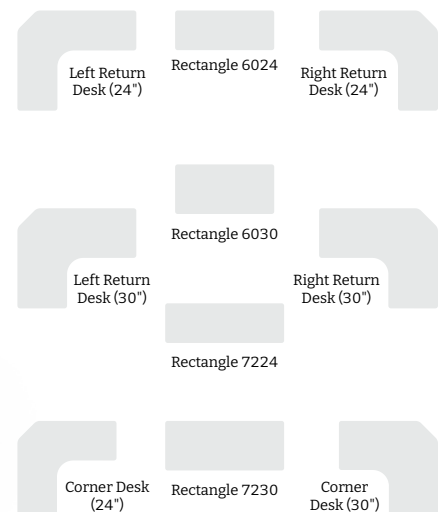

Top measures 1-1/8" thick. Choose from a variety of standard or designer laminates and edge band colors to match any environment or design scheme.

Durable and rigid powder-coated steel frame available in black, platinum, or white for a modern touch to any environment. Optional casters feature locks, and add 2" to overall desk height.

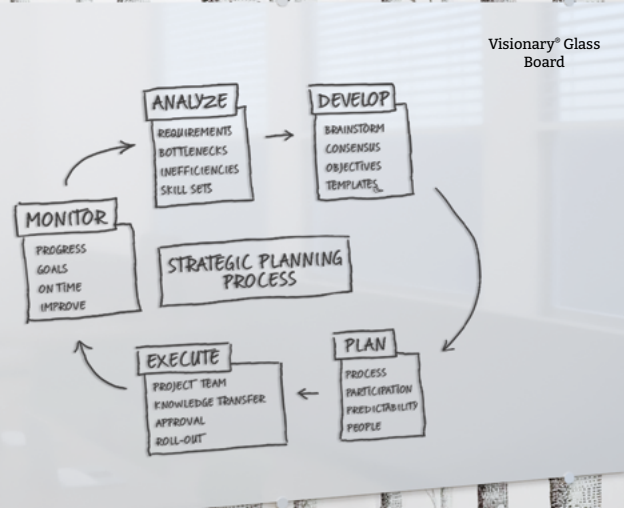

Three top shape options provide ample workspace.

mooreco frequency table

More than just a training table, the Frequency Table brings versatility that extends beyond the conference room.

Frequency is a solid solution for paired seating in training room environments. But with a variety of base styles, wide range of surface options, its versatility extends beyond the norm.

Frequency is available in multiple base styles, all of which share the same tapered leg design. Available with round, square, or rectangular top shapes in a variety of standard or custom finish options, Frequency is certain to look great in any environment from conference rooms, common spaces or cafes, to office environments and training labs.

Offering a clean and functional leg design for group learning and discussion spaces, the C-Leg base provides ease of access and movement.

Sometimes you need a bit more space. Frequency's flip top T-Leg base with quick release handle lets you easily nest unneeded tables for compact storage.

Ideal for group seating comfort, the X-Base option provides optimum leg room for easy space sharing.

All bases available standard in platinum, and come with your choice of glides or casters.

Frequency is available with casters or glides, in T-Leg, C-Leg, or X-Base models in a variety of top shapes and sizes.

Conference End Table

community table

Communication and inclusivity flow with shared table spaces. Conversation is more natural and organic when users are seated in close proximity to each other in a space that allows everyone to be included. The Community Table fits these spaces seamlessly, providing an area for collaboration, socialization, and sharing of thoughts and ideas.

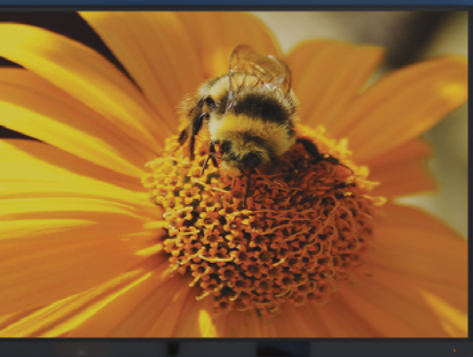

Understanding the needs of space and resources available, MooreCo has made the Community family available to ship assembled or ready-to-assemble. Assembled tables will minimize time on site, helping to reduce costs of installation and assembly. Ready-to-assemble tables are ideal for spaces with narrow doors or second stories. Professional assembly recommended.

cocoon

Cozy and insular, a cocoon is a space where powerful change takes place. The Cocoon has a curved design to create an inviting and welcoming collaboration and discussion space. A perfect solution for flexible socializing, meeting, and relaxing, Cocoon fits in-between spaces with ample seating capacity and configurability. Low or high laminate surfaces provide generous work space around the outer edge. Soft seating creates cozy and comfortable seating along the inside. Fully upholstered soft seating benches available with or without backrest for extra comfort.

cocoon media space

The Cocoon Media Space is an upscale solution combining technology and functionality, with versatile and independent seating, ideal for situations that require thinking outside the box. For remote workers and global offices, the Cocoon Media Space provides the closeness that allows for group thinking, as well as the expansiveness required for big ideas. Hybrid collaboration and integrative group experiences can take place at the Cocoon Media Space, easily configurable into any conference space, media room, or open office area. Laminate and fabric available in countless finishes to complement any style.

mediaspace flat panel cart

The sleek and stylish MediaSpace Flat Panel Cart provides safe and easy flat panel mobility while adding modern utility to any multimedia environment. Features a stylish and durable design, and accommodates a flat panel display up to 60"/125 lbs. Scratch-resistant white laminate finish with powder-coated black steel support. Back panel is removable for easy access to equipment and cables. Adjustable bracket provides optimum viewing angle. Keep cables under control with wiring channel in main pillar and grommets, keeping the appearance clean and minimalist. Four casters provide easy mobility and lock for stability.

iteach® platinum pro flat panel cart

Bring presentations wherever work happens with the sleek and versatile iTeach® Platinum Pro Flat Panel Cart. Supporting flat panels up to 300 lbs., it provides 25.5" of smooth electric height adjustment for comfortable viewing in conference rooms, training spaces, town halls, and shared environments. A lightweight, thoughtfully engineered design makes the cart nearly 80 lbs. lighter than the original iTeach®, while streamlined assembly gets it up and running quickly. Smooth-rolling casters make repositioning easy, and the refined platinum finish coordinates seamlessly with other MooreCo products for a clean, professional look.

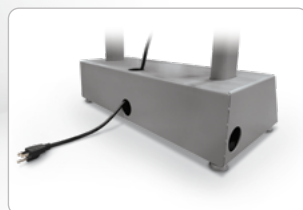

Included remote controls 25.5" of electric height adjustment for flexible viewing.

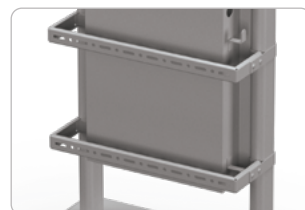

iteach® platinum pro flat panel wall mount

Maximize presentation space with the sleek, space-saving iTeach® Platinum Pro Flat Panel Wall Mount. Supporting flat panels up to 300 lbs., it provides 25.5" of smooth electric height adjustment for comfortable viewing in conference rooms, training centers, and collaborative workspaces. Thoughtfully engineered uprights and a self-standing base simplify assembly, while included brackets secure the unit directly to wall studs for lasting stability. A refined platinum finish coordinates seamlessly with other MooreCo products, creating a clean, cohesive solution for modern commercial environments.

Self-standing base simplifies assembly and installation.

Included brackets secure directly to wall studs for lasting stability.

Double
Privacy Pod

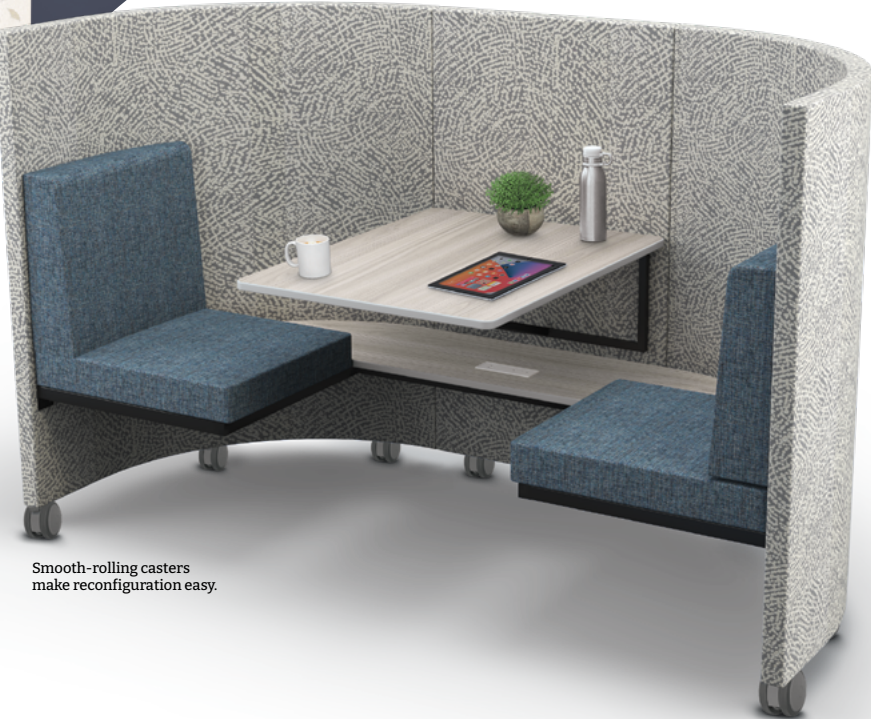

privacy pod

Cozy and private individual work space makes a comfortable solution for focused study or rest. Privacy Pods feature a built-in work surface that provides ample space for a laptop, and a side table to stow your bag, backpack, or other belongings. Upholstered to reduce ambient sound, the curved wall shape is designed to absorb ambient noise, providing a quiet workspace. Both short and tall privacy wall options are available. Available in a variety of fabric combinations through our graded-in program. Optional integrated electrical outlets keep your devices powered, charged, and ready to go. Designed to allow multiple pods to be arranged in many configurations, fitting any space or nook.

double privacy pod

An intimate one-on-one space creates a comfortable solution for distraction-free collaboration or planning. Double Privacy Pods feature a built-in work surface to provide ample space for a laptop and side table storage for a bag, backpack, or other belongings. Two seats provide space for one-on-one meetings, conversations, and collaboration with no distractions. Optional integrated electrical outlets keep your devices powered, charged, and ready to go. Upholstered to absorb ambient sound, the curved wall shape is designed to reduce noise, providing a quiet workspace. Both short and tall privacy wall options are available. Available in a variety of fabric combinations through our graded-in program (COM available on approval). Base Chair

akt
BY MOORECO

akt seating

Our Akt furniture collection combines the principles of human development to enable you to “Akt” with purpose and intention. The Akt seating line is ideally suited for the flexible needs of employees in the workforce. With sophistication and sleek style, Akt seating is an ideal addition to individual work areas, collaborative spaces, or other team environments.

Injection molded polypropylene shell is available with a high density stacking wire base chair or stool (optional cart available), 4-leg chair or stool, and 5-star chair or stool. The 4-leg chair and 5-star chair and stool are available with hard casters, soft casters, or glides. Our specially designed glides are held in place by a metal stem which won't fall out when stacking the chairs.

Shell available standard in seven sophisticated colors. Custom colors available (MOQ applies). Bee available while supplies last.

Easily connect Akt Wire Base Chairs into secure, organized rows with optional ganging clips.

Akt 5-Star Chair

elate task chair

The Elate Task Chair is a stylish and ergonomic option for maximizing comfort at your office place. Featuring customization and adjustment options to provide optimal positioning, the task chair is tailored to each individual for hours of comfort.

This intuitive office chair features a revolutionary weight-sensitive tilt mechanism, allowing it to sense each user's body weight and recline accordingly. Adjust your task chair easily with adjustable seat height (18" to 21"), backrest, tilt, seat depth, and arms.

Chair includes a 5-star base with five non-marring hard casters for gliding movement. Customize the comfortable upholstered seat with our graded-in fabric program (COM also available on approval).

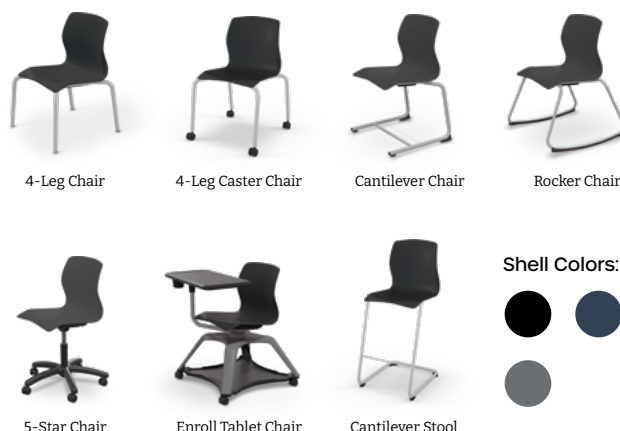

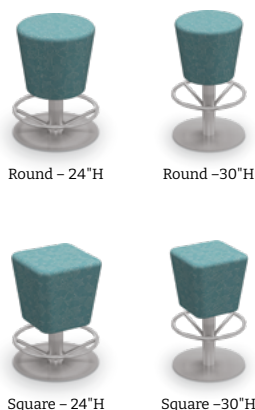

butterfly chair

The Butterfly Chair combines sophisticated style with advanced ergonomic support for lasting comfort throughout the workday. Designed to accommodate a wide range of body types, it offers intuitive adjustments that help each user find a comfortable, supportive fit.

A breathable split-panel mesh back provides natural lumbar support, while adjustable tilt, tension control, and three-position tilt lock support changing postures throughout the day. The mesh seat features adjustable depth and pneumatic height adjustment from 18" to 21".

An adjustable, pivoting headrest supports the neck whether sitting upright or reclining, while pivoting, height-adjustable armrests adapt to different tasks and workstyles. A durable 5-star base with dual-wheel casters provides smooth mobility throughout the workspace.

urdu stool

The Urdu Stool brings soft comfort and a clean, modern profile to collaborative spaces, learning environments, and anywhere flexible seating is needed. Its compact footprint makes it easy to incorporate into a variety of settings without overwhelming the space.

Available in round or square shapes, Urdu offers a simple way to add comfortable seating at counter- or bar-height surfaces. The fully upholstered design can be customized through MooreCo's graded-in fabric program, giving designers flexibility to coordinate color, texture, and performance with the surrounding environment.

Choose from 24" or 30" seat heights to support different surfaces and applications. Mix shapes, heights, and upholstery selections to create flexible arrangements that encourage connection and comfortable interaction.

seed seating

A simple and sustainable design for all spaces, Seed Seating features an elegant, modern silhouette with slanted curves and angular accents.

The seating surface is as clean as it is sensible. Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use. The back of the shell has a stylish, geometrical texture reminiscent of a seed pod.

The ergonomic comfort of the Seed collection's balanced sitting shell and frame foster movement while seated, providing sharper focus and a way to shed excess energy. Color options and base designs allow a room to adopt a distinguished and formal vibe, or a vibrant and lively mood.

Available in multiple colors designed to accent any environment.

luly™ soft seating + tables

Comfort and user experience come first with Luly™ soft seating, blending mid-century design and modern day needs.

Our Luly™ soft seating family brings an inviting, residential-inspired feel to modern workplaces, blending mid-century character with the comfort and flexibility today's commercial spaces demand. Generously stuffed cushions, bold rounded corners, and minimal tapered leg frames create a warm, refined aesthetic. The distinctive 1960s-inspired “squircle” shape carries across tabletops, risers, and stand-off knobs for a cohesive look.

Comfort and user experience come first within this soft seating line. The ergonomically designed seating features plush cushions, power integration, and ADA flexibility. The furniture is raised off the floor for ease of cleaning underneath. A minimalist approach is closely regarded by asking these three questions: Is it comfortable? Is it necessary? Is it appealing?

Get creative with your space! Straight and curved sections can be combined to accommodate any space configuration. Curved shapes have been proven to calm the brain, foster positive emotions, and promote social interaction. Complete the scene with accent tables and accessories. All pieces can be curated together and are designed to live in harmony. The Luly family is cozy, durable, versatile, and organized.

Dual fabrics let you mix and match for a more personalized look.

akt lounge collection

Designed to be inviting, comfortable, and easy to clean, the Akt lounge collection is the perfect addition to your common and public spaces. Cozy pieces are perfect for individual work and relaxation, private collaboration, or team activities.

Akt soft seating is designed to facilitate easy and thorough cleaning by minimizing the spaces where dust and debris can collect. The taller legs allow most vacuums to fit beneath, and each piece features gaps with spacers between the back, arms, and seat to allow crumbs and dirt to fall to the ground where it can be easily vacuumed.

With sophistication and sleek style, Akt Lounge Tables coordinate seamlessly with soft seating pieces to provide a place to work, put your coffee, or your computer. Available in three sizes: single, loveseat, or sofa width. Tables are customizable with your choice of laminates and edge bands.

Multiple shapes and sizes create a cohesive and flexible environment. Choose from sled base or 4-leg base to coordinate with other members of the Akt family.

phoeby outdoor soft seating

This truly unique line of modular soft seating is inspired by the remarkable adaptability of amphibians. Just as amphibians effortlessly move between aquatic and terrestrial environments, Phoeby effortlessly blurs the boundaries between indoor comfort and outdoor freedom, revolutionizing the way users connect with nature. Ergonomically curved silhouettes promote inclusiveness, while straight sections convey a sense of structure and order. The balanced aesthetic helps users relax and focus, enhancing the overall ambiance of any outdoor learning or working space.

Entirely weather-resistant, Phoeby's frame is constructed from outdoor-rated 3/4" plywood, contains full moisture barrier protection, Matrex Sytex™ III synthetic webbing suspension, and aluminum legs.

All hardware, fasteners, staples, ganging, and tie down options are made of corrosion-resistant stainless steel. Dual-density foam is comfortable, supportive, and antimicrobial.

The Phoeby Outdoor family is available upholstered with durable outdoor-rated Spradling Silvertex and Sunfield fabrics. The continuous filament bonded polyester fabrics are water- and stain-repellent, are rated at 25,000+ double rubs for abrasion resistance, are mildew-resistant, and are 1500 hour UV-resistant.

moorepower® tower

Get convenient access to power in your multi-user groups with the versatile and capable MoorePower Tower. Mobile tower provides instant AC outlet and USB charging access to shared spaces.

The power tower includes two AC outlets and two USB outlets on each of four sides, for a total of eight each. Easily mobile on four dual-wheel casters (two locking). Durable powder-coated steel frame includes a cord winder for the 13-½ foot power cable. ETL certified to UL 1363.2018 Ed. 5.

Integrated cord winder keeps the 13½-foot cable neatly contained between uses.

Eight AC and eight USB outlets provide convenient power access from every side.

Mount above or below the work surface for power right where you need it.

moorepower® grommet mount power assembly

Keep power within reach without taking up valuable workspace. The MoorePower® Grommet Mount Power Assembly installs neatly into a standard desk grommet for clean, integrated access to charging. One AC outlet and a USB-A/USB-C combo module support everyday devices while the compact profile helps maintain a tidy, uncluttered work surface.

moorepower® dual mount power assembly

Get power where you need it with the flexible MoorePower® Dual Mount Power Assembly. Included clamp-mount and undermount brackets allow installation above or below the work surface. Two AC outlets and a USB-A/USB-C combo module keep today's devices powered while the compact design keeps work surfaces clear and clutter-free.

Includes connectors to join panels together. Boards are also available with customizable kick plates—choose from laminate to fabric!

d.o.c. mobile board

Divide and conquer your space. Versatile and multi-functional, D.O.C. Mobile Room Dividers allow you to divide, organize, and customize a work or display area however you choose.

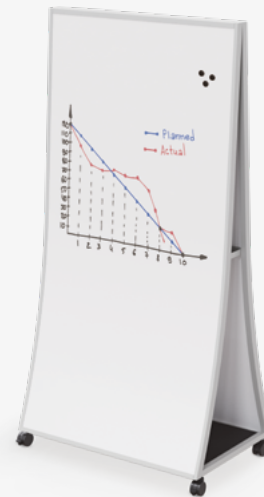

Mobile double-sided dividers come in a variety of surface combinations, including porcelain steel magnetic whiteboard, Dura-Rite HPL whiteboard, natural cork, and decorative laminate. Three sizes available for maximum configuration flexibility: 6'H x 4'W, 6'H x 6'W, and 8'H x 6'W. Panels are trimmed in modern anodized aluminum and include locking casters. Leg design minimizes gapping, and connectors are available to join panels.

divvy d.o.c.

Divide, organize, customize, and now modernize. With ultra stylish multi-panel Divvy D.O.C. room dividers, you can add instant color and texture (and functional whiteboard) to any space, in a truly unique ready-to-roll room divider.

Mobile double-sided dividers include a variety of attractive and colorful surfaces to add style and function to any environment, while also offering privacy, acoustic shielding, and easy configuration. Available in two standard configurations, or customize. Choose from fabric, laminate, whiteboard, or tackboard surfaces, and create your own unique statement piece.

platinum mobile reversible board

Upscale appearance with all the functionality you expect. Attractive and modern mobile reversible boards add style to any space.

Platinum Mobile Reversible Boards are double-sided and available in a variety of surface combinations, including porcelain steel magnetic dry erase whiteboard, Dura-Rite HPL dry erase whiteboard, and tackable natural cork. Available in sizes from 30"W × 40"H to 4'H × 8'W.

Panel is trimmed with modern anodized aluminum, rotates 360° on a pivot hinge, and locks into place with the turn of a knob. Trim includes a full-length accessory tray with perforated panel for style and stability. Wide base design for stability includes molded bumpers to protect walls, and 3" locking casters.

ogee curved easel

Throw a curve on the standard easel! Smoothly sloped surface allows full use of the whiteboard surface, with easier access to the bottom. The curved whiteboard surface on the Ogee Curved Easel maximizes the use of the writing surface while giving it a sleek high-end design look.

Surface measures 72"H × 36"W. Available with porcelain steel surface. Middle storage tray also functions as a handle to easily move the Ogee around wherever it's needed.

The Ogee is also great for space division. Boards nest side by side using the handle, recessed on one side and protruding on the other. Ogee comes standard with a marker tray, and bottom shelf provides additional storage space.

d.o.c. glass board

Fresh modern style enhances creativity in your work environment. Pairing elegant magnetic glass whiteboard with a mobile aluminum frame, D.O.C. Glass Mobile Room Dividers allow you the freedom to divide, organize, and customize your space to fit your individual needs.

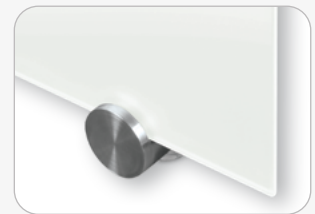

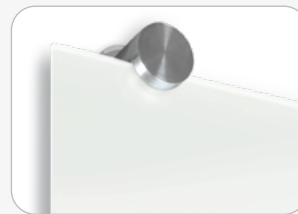

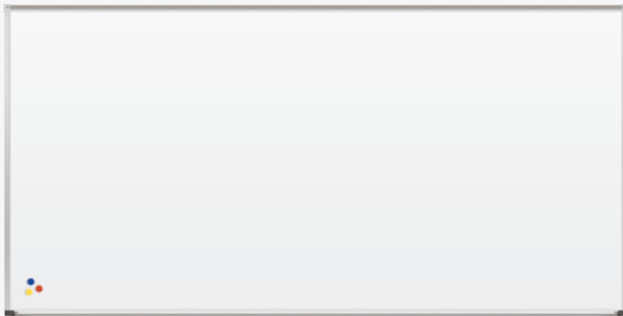

Double-sided in tempered safety glass to provide smooth writability and erasability. Glass is backed with steel to accept rare earth magnets. Divider comes standard with gloss white glass, but you can customize the glass panel in a variety of ways to personalize your workspace, including color and graphic printing options.

visionary® move

Get your ideas on the go! Visionary Move mobile glass board moves with you wherever you need it. Ultra durable double-sided glass magnetic markerboard is a contemporary communication tool providing the highest quality writing and erasing experience. Accepts rare earth magnets. Smooth finish accepts dry erase, wet erase, chalk markers and more.

Tempered safety glass for use in any environment with sturdy steel plate backing. Frame and trim are made with platinum powder-coated steel for superior durability. Available in standard and custom colors, including graphic printing options.

deluxe aluminum trim board

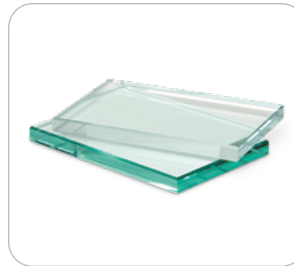

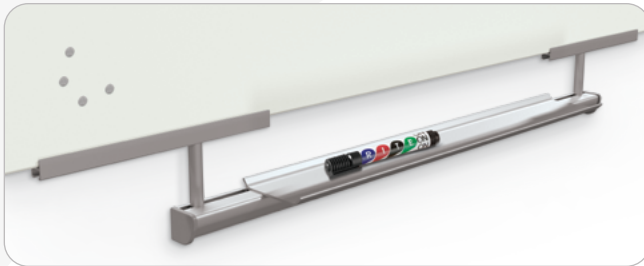

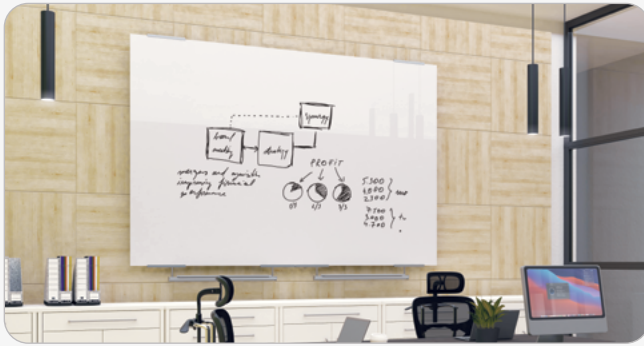

A tried-and-true communication tool, the Deluxe Aluminum Trim Board combines durable porcelain steel with clean, classic styling for meeting rooms, offices, and collaborative workspaces.

Magnetic porcelain steel provides exceptional writability and erasability with superior marker contrast and reduced surface light distortion for comfortable visibility. Durable anodized aluminum trim completes the streamlined design, while a full-length accessory tray keeps tools within reach. Limited lifetime warranty.

visionary® board

A contemporary communication tool, the ultra glossy magnetic Visionary whiteboard provides exceptional dry erase performance. Modernize your space with a functional and contemporary image. Visionary magnetic glass boards provide the best of a quality whiteboard with smart style. Borderless and seamless, standard in glossy white. Available in standard and custom color options. Custom graphics printing available.

Tempered safety glass ideal for use in any environment. Easily cleans without ghosting or staining. Accepts rare earth magnets. Attractive stainless steel mounting standoffs. 50 year warranty on glass boards.

visionary® exo

Upgrade your expectations. Finally a glass board with an ultra stylish accessory tray.

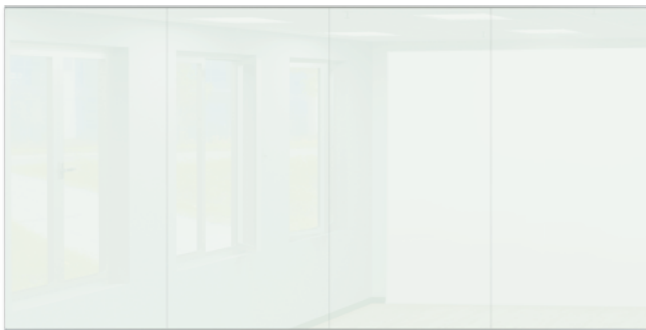

Tempered safety glass is ideal for use in any environment. Available in gloss white or standard and custom color options. Custom graphics printing available. 50 year warranty on glass boards.

Now available with the Exo Tray System, providing clean and functional anodized aluminum accessory storage in an ultra fashionable package.

insight® low iron glass board

Make yourself crystal clear. Style meets dynamic versatility with the clean and modern InSight Magnetic Glass Board in low iron white. Elegant frameless magnetic glass surface elevates any environment, while a durable steel backing allows the board to accept rare earth magnets.

InSight features a sleek minimalist concealed hanging system. Tempered safety glass provides smooth writability with unparalleled erasability. Low iron glass greatly reduces the green cast of regular glass, providing a more true white coloration. 50 year warranty on glass boards.

unity glass wall

Turn your blank walls into something extraordinary with purpose with the Unity Commercial Series Glass Wall panel system. Unity is engineered to incorporate the best qualities of magnetic glass markerboards in a modular full wall whiteboard ensemble.

Unity will modernize and elevate your walls instantly with smart style and functional whiteboard space, ideal for communication, collaboration, and creativity. Create a user-friendly and inviting room-sized presentation surface. Unity features slim and modern aluminum trim along the top and bottom edge.

Please note: Glass wall construction cannot accommodate cut outs for outlets or light switches. Please take this into consideration when planning your glass wall mounting locations.

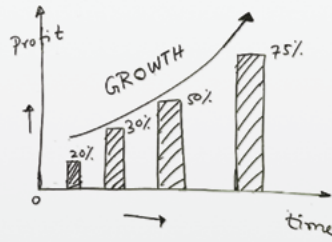

fluent glass wall

Turn an ordinary wall into a room-sized surface for sharing ideas, organizing information, and bringing teams together. The Fluent Office Series Glass Wall combines magnetic glass panels with a slim, modern profile to support communication and collaboration throughout the workplace.

Tempered safety glass provides a smooth writing surface and accepts rare earth magnets. Choose gloss white, standard glass colors, custom colors, or graphics to create a cohesive monochrome installation or a distinctive designer look. Anodized aluminum trim along the top and a full-length accessory tray below keep markers and erasers conveniently within reach.

Please note: Glass wall construction cannot accommodate cutouts for outlets or light switches.

AVAILABLE WHILE SUPPLIES LAST!

presidential trim whiteboard

Tried and true Presidential Trim whiteboards provide exceptional style, versatility, and function. The rounded anodized aluminum trim includes injection-molded plastic curved corner pieces that offer a sleek accent to any collaboration, conference, or media space.

High quality and magnetic porcelain steel is engineered for superior color contrast and dry erase performance, with reduced light distortion for enhanced visibility. Porcelain steel carries a limited lifetime warranty.

Magne-Rite is a durable magnetic dry erase surface made with dual layer powder-coated steel, specially engineered for exceptionally smooth writability and erasability. Magne-Rite carries a 10 year limited warranty.

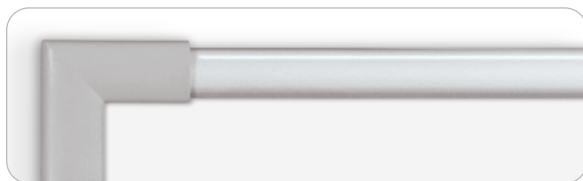

ultra trim whiteboard

Slim and minimalist Ultra Trim whiteboards provide exceptional style, versatility, and function. The clean and narrow trim features low profile $\frac{5}{16}$ " anodized aluminum with slim plastic corner pieces that offer a sleek accent to any collaboration, conference, or media space.

Available here with porcelain steel whiteboard surface. High quality and magnetic, porcelain steel is engineered for superior color contrast and dry erase performance, with reduced light distortion for enhanced visibility. Porcelain steel carries a limited lifetime warranty.

iteach® flat panel mount + whiteboard system

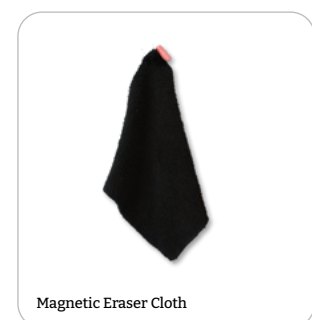

Keep technology and teamwork working side by side. The iTeach® Flat Panel Mount + Whiteboard System combines an interactive display solution with generous writing space, giving conference rooms, training areas, and collaborative workspaces the flexibility to present, plan, explore, and share ideas without sacrificing valuable whiteboard space.

Two magnetic porcelain steel whiteboards provide smooth writing, clean erasing, and excellent color contrast for everyday presentations, brainstorming, and collaboration. Deluxe aluminum trim adds a full-length map rail and accessory tray to keep frequently used materials within easy reach.

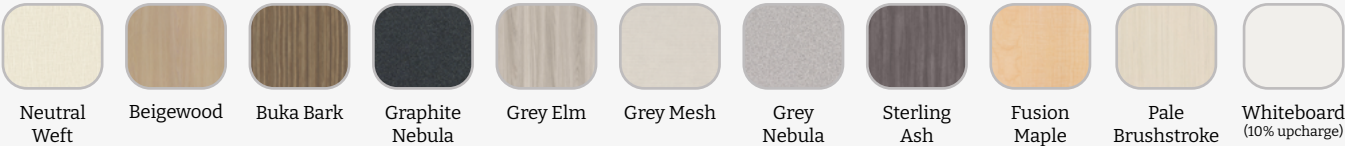

At the center, the electric flat panel mount provides 18" of smooth height adjustment at the touch of a button, helping position digital content for comfortable viewing and engagement. The durable mounting bracket accommodates 800 × 600 VESA patterns and flat panels up to 250 lbs.

By bringing digital presentation and writable surfaces together in one integrated system, iTeach® supports a more adaptable front-of-room experience where ideas move easily between digital content, written thinking, presenters, and participants.

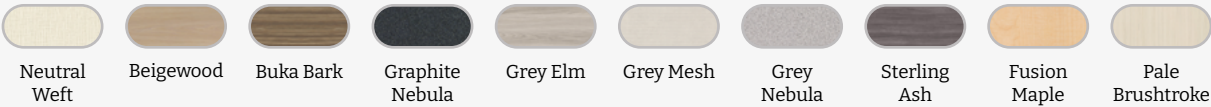

Keep board accessories within easy reach.
