KEY FEATURES

Designed for Pediatric Spaces

Soft materials and rounded forms help create calming, child-friendly environments within healthcare and wellness settings.

Dual Height Options

Available in 19" kneeling height or 22" seated height to support different activities, ages, and interaction styles.

Protective Upholstered Guard

A padded upholstered perimeter surrounds the laminate tabletop to provide a softer, safer play surface for children.

Optional Sensory Activity Tray

Removable plastic trays offer an easy-to-clean surface with added tactile engagement for toys, activities, and hands-on play.

Coordinating Kneeling Pad Option

Optional kneeling pads provide additional comfort for floor-level activities and are tailored to fit seamlessly around the base.

Safe, Soft Spaces for Play, Learning, and Comfort

The Coradle™ Sensory Table is designed to create safe, calming spaces where children can play, explore, and stay engaged in healthcare environments.

Available in 19" kneeling and 22" seated heights, the table features a durable 36" round laminate surface surrounded by a soft upholstered guard for added comfort and protection. An upholstered pedestal base includes a large steel stability plate for dependable support, while optional removable plastic trays provide an easy-to-clean sensory-friendly activity surface. For additional comfort, a coordinating 2" foam kneeling pad is available to fit around the base.

Designed for easy care, the Coradle Sensory Table helps pediatric spaces feel softer, safer, and more welcoming. SCS Indoor Advantage Gold Certified.

Ideal for:

- Pediatric healthcare zones
- Children's waiting areas
- Clinics and medical offices
- Behavioral healthcare settings
- Therapy and wellness spaces
- Early learning activity areas
