Coradle™ Wobble Stool

KEY FEATURES

Encourages Micromovement

A flexible wobble base supports active sitting and gentle movement to help keep children engaged and comfortable.

Kid-Friendly Ergonomic Design

The upholstered molded foam seat provides cushioned comfort with soft curves designed specifically for younger users.

Easy for Kids to Move

An integrated contoured grip allows children to easily reposition and carry the stool independently.

Durable Commercial Construction

An upholstered blow-mold core and nylon wobble base provide dependable performance in active environments.

Perfect with Coradle Tables

Designed to pair seamlessly with the Coradle Sensory Table and other pediatric furnishings throughout the Coradle collection.

Active Comfort Designed for Kids

The Coradle Wobble Stool is designed to support active sitting and comfortable micromovement for children in healthcare and wellness environments.

Featuring a cushioned upholstered molded foam seat, soft curved forms, and a flexible nylon wobble base, the stool encourages movement while helping kids stay engaged and comfortable during activities and play.

An integrated contoured grip allows children to easily move and reposition the stool independently, while the upholstered blow-mold core provides durable everyday performance.

Sized specifically for kids and available in healthcare-friendly fabrics, the Coradle Wobble Stool pairs perfectly with the Coradle Sensory Table and other pediatric activity spaces. SCS Indoor Advantage Gold Certified.

Ideal for:

- Pediatric healthcare environments
- Sensory and activity spaces
- Clinics and medical offices
- Therapy and wellness settings
- Waiting and play areas
- Early learning environments
- Family-focused healthcare spaces
