THRIVE™
BY MOORECO

The Thrive Philosophy

The Thrive Philosophy was created to show how the conscious design of environments can impact human happiness and health through all stages of life.

Success and happiness go hand in hand. This is what it means to thrive. Having the opportunity to learn, grow, achieve, and find community provides the foundation for lifelong fulfillment. We at MooreCo think outside of the constraints of traditional settings and design our products with collaboration and lifelong learning at the forefront. As our consumers evolve, we evolve with them.

Considering the six stages of development in the crucial periods of formation and influence, the Thrive philosophy encapsulates thoughtful consideration of every space—where all are supported, encouraged, and given the tools to succeed and grow.

The Thrive Philosophy will help you create environments that foster collaboration, inclusion, active learning, health, safety, sensory stimulation, and emotional wellness.

Physical:
"I Can Move & Fit"

Intellectual:
"I Can Think & Engage"

Social-Emotional:
"I Belong & Connect"

Psychological:
"I Feel Safe & Supported"

Moral:
"I Feel Included & Respected"

Spiritual:
"I Can Breathe, Reflect & Heal"

A Message to Our Valued Customers

We've Got Your Back®

Dear Valued Customers,
For more than five decades, MooreCo has proudly supported customers across multiple markets, navigating everything from economic uncertainty and global pandemics to rising tariffs, supply chain disruptions, and material shortages.

Through it all, one commitment has remained unchanged: **We've Got Your Back®.**

At MooreCo, we believe our customers should never have to compromise on quality, delivery, or value because of circumstances beyond their control. That is why we continue to invest, plan ahead, and take proactive measures to ensure you receive exceptional products, on time and at a fair price.

We're Prepared—So You Don't Have to Worry. Others react to uncertainty; MooreCo plans ahead. Our proactive leadership and operational investments allow us to deliver with confidence, even during the industry's most demanding seasons.

Here's how we're staying ahead:

- **Protecting your pricing:** Absorbing tariff impacts wherever possible to minimize cost increases and maintain competitive pricing.
- **Investing in inventory:** Building record levels of inventory to ensure product availability and minimize disruptions.
- **Expanding production capacity:** Increasing manufacturing capabilities to meet demand and maintain reliable, accelerated lead times.

With expanded capacity and record-setting production output, MooreCo is positioned to deliver across our entire product portfolio—from desks, chairs, and lounge seating to casegoods and visual communication solutions.

Our commitment: Standard production orders for desks, chairs and tables ship within 2–4 weeks, while qualifying QuickShip products are ready in one week or less. Lounge seating and casegoods ship in 8 weeks or less. We are prepared to maintain these accelerated lead times even through the busiest summer season.

Stable Pricing. Fast Lead Times. Total Confidence.

At MooreCo, reliability goes beyond manufacturing. It means giving our customers the flexibility, predictability, and peace of mind they need to plan with confidence.

Pricing you can count on. We work diligently to protect our customers from unnecessary price increases, limiting adjustments to unavoidable raw material cost changes.

Order early. Ship when you're ready. Secure your products ahead of time, and we'll manufacture and store your order at no additional warehousing charge until your scheduled delivery date—even if that's months away.

Need to place a new order? We're ready. Our expanded manufacturing capacity allows us to respond quickly while maintaining the quality and delivery commitments you expect.

We're Ready Now—and When It Matters Most.

Whether you're a school district preparing for the first day of class, a dealer managing multiple projects, or a designer working against a critical installation deadline, MooreCo is committed to helping you deliver on your promises.

We don't make promises we can't keep. We plan our production, manage our capacity, and invest in our operations with one goal in mind: delivering what you need, when you need it.

In an industry where uncertainty has become the norm, MooreCo offers something invaluable: confidence, consistency, and a partner you can depend on.

Why Choose MooreCo? Here's What You Can Count On:

- Pricing stability: Predictable pricing with no unexpected increases on confirmed orders.
- Record inventory and production capacity: The products and manufacturing strength to support your projects.
- Accelerated lead times: Standard production orders ready to ship in just 2–4 weeks.
- Flexible delivery scheduling: Place orders early, and we'll manufacture and store your products at no additional charge until you're ready.
- QuickShip in one week or less: Essential products available when time matters most.
- A QuickShip program that goes beyond the basics: Not just desks and chairs, but cabinets, soft seating, and the comprehensive solutions needed to create fully furnished learning environments.

Let's Get to Work.

For over 50 years, we've built our reputation on more than great products. We've built it on trust, accountability, and partnerships that stand the test of time. As you plan your upcoming projects, know that MooreCo is ready—with the products, people, production capacity, and commitment to help you succeed.

Your deadlines matter.
Your customers matter.
Your success matters.
MooreCo. We've Got Your Back®.

Greg Moore

What our customers say about us

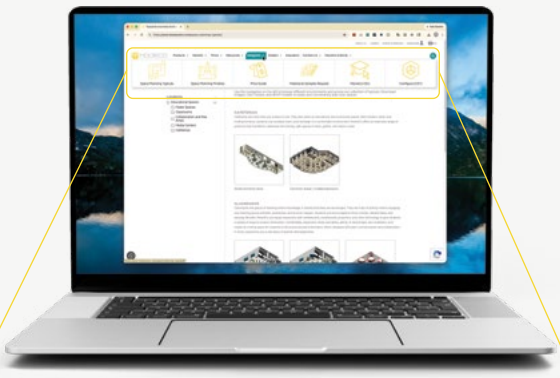

Our Dedication To You Goes Beyond Words

"MooreCo's expertise in creating innovative and functional furniture solutions was first-class, and we were thrilled with the final result. The new furniture solutions are modernized, versatile, and perfectly aligned with the vision of our client for enhancing their students' learning experiences. We highly recommend MooreCo to any organization seeking top-quality furniture solutions."

Patricia Runge

Associate Interior Designer, O'Connell Robertson

Benefits of Registering as a Dealer and as a Designer

Registered Designer Access

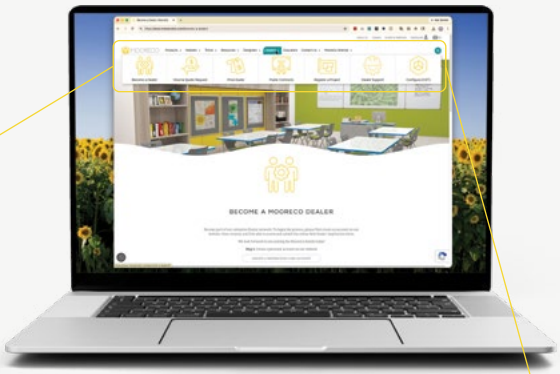

Designer Dashboard

The Designer Dashboard equips you with powerful tools to quickly and effectively specify MooreCo products. Available with fully designed environment typicals, product groupings, and individual Revit and CAD files for every product. Explore a rich library of case studies, white papers, and expert collaborations to support and elevate your projects. The cart can generate your BOMs instantly by creating part numbers and descriptions from thousands of materials and finishes.

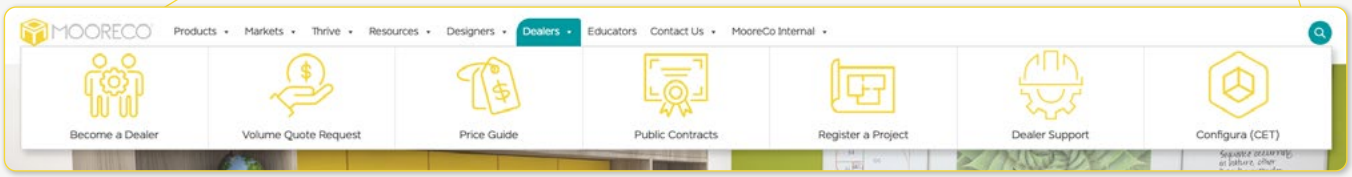

Dealer Dashboard

Easily stay on top of your business with the Dealer Dashboard. Manage open quotes, track order statuses and invoices, and monitor cases and claims in one centralized place. You'll also have quick access to product information and tools to submit bids and quotes seamlessly.

Registered Dealer Access

Dealers, Designers, & Educators

We take pride in the extensive resources and tools we provide for everyone. Explore our Knowledge Base filled with blog posts, webinars, case studies, white papers, and success stories—along with tutorials covering best practices and guidance on product selection for various needs. You'll also find a comprehensive library which includes images, environments, brochures, catalogs, product configurations, materials & finishes, and more.

Meet coradle™

It starts with a hug.

Soft Curves. Shared Moments.

More room for comfort, connection, and discovery. Coradle™ brings soft, scaled seating, activity tables, and flexible space division together in a complete furniture system designed to put children at ease and families at peace. Gentle curves and approachable forms invite children to explore, move, and settle in while staying connected to those close by.

From pediatric waiting rooms and family lounges to early learning, therapy, and wellness spaces, Coradle supports shared activities and moments of quiet. Durable, easy-clean materials meet everyday demands, while coordinated furnishings help create welcoming environments where children, families, and caregivers can feel supported.

Scan to explore Coradle™

Ideal for:

Pediatric healthcare environments • Children's waiting areas • Clinics and medical offices • Behavioral healthcare settings • Therapy and wellness spaces • Family lounges • Early learning activity areas

Coradle invites movement, choice, and self-directed comfort.

Product Innovations Award Nominee 2026

A4LE Partner Award Nominee 2026

Designed For Children-First Spaces

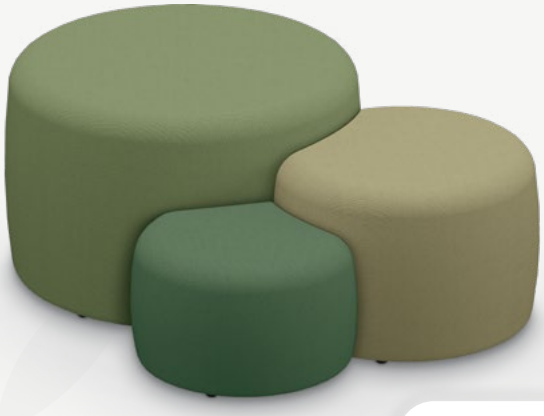

Give children room to explore, connect, and feel at ease. Coradle™ brings soft, scaled seating, activity tables, and flexible room dividers together to support play, choice, and comfort. Welcoming spaces give families a place to gather, with room for privacy and quiet moments.

Developed with Qdesign in partnership with Whitney Architects, Coradle balances approachable forms with durable, cleanable materials. Rounded edges and healthcare-grade upholstery support everyday use across learning and pediatric care environments.

Introducing Phenolix™

Built for Discovery. Designed to Endure.

Big discoveries need a strong foundation. Meet Phenolix™, our new laboratory-grade work surface designed to stand up to the demands of hands-on science education. With exceptional resistance to chemicals, impact, and everyday wear, Phenolix gives students and educators the freedom to experiment, explore, and discover with confidence. Durable, easy to maintain, and available with multiple MooreCo table bases, Phenolix brings lasting performance and versatility to science classrooms, STEM labs, and beyond. Because when curiosity leads the way, your workspace should be ready for anything.

MooreCo Exclusive:

porcela™ Porcelain Steel

Innovative and Award-Winning Products

Porcelain steel desks and tables only by MooreCo. We knew we could improve the learning and teaching experience by replacing regular laminate surfaces with porcelain steel. We dedicated years of research, engineering, and testing to develop this one-of-a-kind tabletop solution that no other manufacturer can offer.

Scan to explore porcelain steel

Benefits

- Sustainability: Produces up to 320 times less CO_2 than regular HPL.
- Better Visual Acuity: Significantly reduces glare and eye strain, never ghosts, and enhances color contrast.
- Better Erasability: Erases three times better than HPL and ensures a spotless, smooth surface while resisting staining and ghosting for life.
- Cost Efficient: Delivers 95% cost savings by providing a lifespan purchase and avoids 17 costly HPL replacements.
- Cleaner + Safer: The non-porous surface reduces the growth of bacteria and the edge band avoids the accumulation of dust and debris left by markers.
- Chemical + Heat Resistant: Class A fire rated and resistant to harsh chemicals, extreme heat, and physical wear, making them ideal for labs and maker spaces.
- Accepts Magnets: The magnetic surface is ideal for interactive learning and hands-on learning.
- Durability: The tabletop features a metal backing, making it a robust work surface, withstanding up to 3,000lbs of weight. It does not dent, scratch, or warp!

Erase Obstacles with New Porcelain Steel Tabletop Shapes

Our porcelain steel dry erase family is growing. This scratch-resistant, dent-resistant tabletop is only available at MooreCo, and we've added even more tabletop shapes to help you create an inclusive, active-learning environment.

Learning & Working Outdoors Has New Meaning

Designed with the principles guiding MooreCo's Thrive Philosophy, Phoeby brings transitional indoor/outdoor learning and working spaces to a new level. This truly unique line of modular soft seating is inspired by the remarkable adaptability of amphibians to effortlessly move between aquatic and terrestrial environments.

Phoeby Indoor and Phoeby Outdoor work together to create a comfortable, cohesive space that blurs the boundaries between indoor comfort and outdoor freedom. Evolving, forward-thinking design that seamlessly moves from indoor to outdoor is becoming the preferred choice for K–12, higher education, and commercial spaces. Harness the benefits of being present in nature without compromising style or comfort with our revolutionary new line of outdoor soft seating.
