Infusa™ Recliner

KEY FEATURES

Patient-Centered Comfort

Generously cushioned seating, supportive arms, and an inviting design help patients feel comfortable and at ease.

Two Reclining Configurations

Choose between lay-flat reclining for extended rest and wall-saver reclining for spaces where efficient use of floor space is a priority.

Power Recline + Battery Backup

Standard power operation with an integrated battery backup provides an additional power source when needed.

Thoughtful Seating Dimensions

Comfortable proportions with ergonomic seat and arm height provides restful patient seating.

Supportive Fixed Arms

Sturdy, fixed arms provide consistent support and a stable place to rest throughout treatment sessions.

Comfort and Care, Thoughtfully Connected

Designed to bring comfort, support, and peace of mind to healthcare environments, the Infusa™ Recliner creates a welcoming place for patients to rest during infusion treatments, chemotherapy, and extended care.

Available in lay-flat and wall-saver configurations, Infusa adapts to different treatment environments and patient needs. Power reclining allows for effortless positioning and personalized comfort, while fixed arms provide a stable, supportive seating experience. Floor-safe glides help protect flooring, making Infusa a thoughtful addition to spaces designed around patient care.

With its inviting silhouette and supportive cushioning, Infusa brings a sense of warmth and familiarity to clinical settings, helping transform treatment spaces into environments where patients can feel more comfortable, cared for, and at ease.

Ideal for:

- Infusion and chemotherapy treatment centers
- Oncology clinics and cancer care facilities
- Outpatient treatment centers
- Hospitals and specialty care facilities
- Patient care and wellness environments
