Phenolix™ Science Table

KEY FEATURES

Laboratory Grade Performance

Constructed from $\frac{3}{4}$ " thick solid phenolic material engineered for demanding laboratory environments.

Durable, Easy Care Surface

Resistant to chemicals and everyday wear, the solid phenolic surface is easy to clean and maintain.

Smooth, Rounded Edges

A half-bullnose edge profile and corner radius create a smooth, comfortable perimeter with a clean, professional appearance.

Versatile Sizes

Available in several standard sizes to accommodate a variety of layouts, laboratory configurations, and learning activities.

Flexible Base Options

Compatible with Akt, Hierarchy, and Compass Makerspace table bases to support different learning environments.

MOORECO®

Built for Discovery. Designed to Endure.

Phenolix™ brings laboratory-grade durability and dependable performance to science classrooms and hands-on learning environments. Crafted from ¾" thick solid phenolic material, this premium work surface offers exceptional resistance to chemicals, impact, and everyday wear, standing up to the demands of active experimentation and scientific exploration.

Designed with both performance and comfort in mind, Phenolix features a smooth half-bullnose edge profile and gently rounded corners for a clean, refined finish. Its durable, easy-to-clean surface makes maintenance simple, allowing educators and students to focus on discovery rather than upkeep.

Available in classic black and a variety of sizes, Phenolix pairs with Akt, Hierarchy standing-height, and Compass Makerspace table bases to create versatile solutions for science classrooms, STEM labs, and collaborative learning spaces..

Ideal for:

- K-12 science classrooms
- Middle and high school laboratories
- Higher education science labs
- STEM and STEAM learning environments
- Hands-on experimentation and research spaces
- Collaborative science and discovery classrooms

	Heights	Top Sizes	Casters	Glides
